Re: Applicant: Current Health Ltd.

FCC ID: 2AUFS-WD2

Part 2.933(b) Change in Identification of Equipment

Current Health Ltd requests a change in identification of a currently certified device under Part 2.933(b).

The original equipment identification is FCC ID: VPYLB1DX.

The original Grantee: Murata Manufacturing Co., Ltd. was granted limited modular approval on 04/27/2016.

The original test data filed by Bureau Veritas Consumer Products Services, Inc. on behalf of Murata Manufacturing Co., Ltd. continues to be representative of the newly identified device. There are no changes to the hardware or software.

This change in identification is requested for the newly identified device, FCC ID: 2AUFS-WD2, which is physically and electrically identical as defined by Part 2.907, to the originally approved device.

The modular transmitter is only intended for use by Current Health Ltd in its own products and not intended for sale to third parties. As such the user manual integrations instructions are an internal confidential manufacturing document.

Photographs as required under Part 2.933(5) and FCC ID label are submitted with this request.

We recognize that as the new grantee holder, we accept full legal responsibility for the compliance of the device with the new FCC ID.

Sincerely,

DocuSigned by:

A handwritten signature in black ink that reads "Morgan Smith".
