|                          |   |
|--------------------------|---|
| <p><b>EUT View 5</b></p> |  A black handheld device, possibly a scanner or terminal, is shown from a front perspective. The device has a large, dark screen and a few small buttons or sensors at the top. It is placed on a blue textured surface next to a black ruler with white markings. The ruler is oriented vertically, showing measurements in centimeters and millimeters.   |
| <p><b>EUT View 6</b></p> |  The back of the device is shown. It is a dark grey or black plastic casing. A label is affixed to the back, containing technical information: "FACE RECOGNITION TERMINAL", "Part No. WTX-101-2014", "Mfg. Date: 10/2014", and "REV: 1.0". There is also a QR code and a small logo. A black cable is plugged into a port at the bottom of the device. The device is placed on a blue textured surface next to a black ruler with white markings, oriented vertically. |

|                          |   |
|--------------------------|---|
| <p><b>EUT View 7</b></p> |  A close-up photograph of a black, rectangular electronic device, likely a USB dongle or adapter. The device is positioned diagonally on a light blue, textured surface. The brand name "UNIUBI" is printed in white on the top edge. A black cable is plugged into a port on the right side of the device. The device has a small circular hole and a rectangular slot on the bottom edge. |
| <p><b>EUT View 8</b></p> |  A photograph showing several black cables with different connectors. On the left is a large, black, cylindrical connector. In the center is a smaller, black, cylindrical connector. To the right is a black cable with a USB-A connector. Further right is a green, rectangular connector. The cables are laid out on a light blue, textured surface.                                    |
