| <p style="text-align: center;">Solder Board-Component View 1</p> |  A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is rectangular with a complex layout of components, including a large central chip, several smaller integrated circuits, and various passive components. It features a multi-pin connector on the left side and a smaller connector on the right. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board's length being approximately 100 mm and its width around 40 mm. The text 'ROHS COMPLIANT' is visible on the board. |
| <p style="text-align: center;">Solder Board-Component View 2</p> |  A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the board from a different angle, highlighting the underside of the components and the solder joints. The board is placed on the same blue textured surface next to a black ruler. The ruler shows measurements in millimeters, with the board's length being approximately 100 mm and its width around 40 mm. |
