

A Securus Technologies Company

8/7/2020

Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Subject: Power Level Setting

To whom it may concern:

The RF output power level setting will be locked in firmware on the JP6mini as recorded in the test report. This setting is not user-accessible.

Sincerely,

A handwritten signature in black ink that reads "Michelle Branum".

Michelle Branum, CKC CS on behalf of applicant,

Hezi Ben Moshe, Lead Product Manager
