Feel different rhythm on different materials

material	sounds performance
wood	bass is good,rich and sumptuous mid-sound
metal	strong bass sound
paperboard	the clarity of the sound reduced, and it feels like vinyl disc
glass	clean and transparent sound
hollow wall	good spacious soundperformance

FCC Warning

15.19 Labeling requirements. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

15.21 Information to user. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

15.105 Information to the user. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause

Bluetooth Vibration Speaker

Testing Contents	
Power Output	RMS 26W
S/N	≥65dB
Frequency range	30Hz---18KHz
Speaker Impedance	4Ω, 26W
Power Supply	Built-in 1400mAh Lithium battery
Audio Socket	3.5mm audio jack
Audio Source	phone, Tablet PC, PC, Computer, MP3/4, etc.
Function list	Bluetooth 4.0,AUX in/out,Hands-free MIC Touch Panel

Sparkling Features

- Superbass- 26W output, Higher content Neodymium vibration driver grants more powerful sound
- Power supply high-class Lithium battery, more powerful and energy-saving(3.7V, 1400mAh) Upgrade the power supply means from external power adaptors to DC 5V micro USB charging cable
- Touch Panel - LED indicator light on touch panel simplifies your options

1

4.0 Bluetooth

- Bluetooth Pairing name: Vibro-26W
- Bluetooth software version: CSR 4.0 + EDR
- Bluetooth working distance: 0-10 meters for Bluetooth audio device.

2

Touch key

Mic

- When the speaker is connected to your smartphone via Bluetooth, if a call comes in, just a simple touch on the phone mark on speaker, then you can talk with your friends freely.

3

harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Radiation Exposure Statement:

- 1.This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
- 2.This equipment complies with RF radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
