

Product Model and Configuration Statements

GeoMax AG ("the applicant") certifies that, the ZOOM45 series products are independently developed and produced by our company. There are three models as follows:

- Zoom45 2" N5
- Zoom45 3" N5
- Zoom45 5" N5

Three models of product uses the same hardware, software, operating platform and operating software, the difference is only the measurement accuracy is different for market purpose. The product accuracy is customized by the production program during production, which has no impacts on EMC and RF characteristics.

Sincerely,
