Declaration of Product Modifications

This is to request a Class II permissive change for FCC ID: 2AUXS-AIVI2SBXM, originally granted on 11/19/2020.

According to the major change, DEKRA tests Radiated Emission and Radiated Band Edge items, and other testing data refer to original reports.

The major change filed under this application is: Additional antenna for WLAN which type is same as original grant and the antenna gain is higher than original grant.

Sincerely,

Vincent / Director
DEKRA Testing and Certification Co., Ltd.
