Warning

11. Safety Instructions

1. This product is not a medical device and cannot be used to diagnose, treat, cure or prevent any disease;
2. Consult a doctor before starting or adjusting any exercise plan.
3. If you currently have any preexisting physical conditions that may be affected by the use of this product, please consult your doctor first.
4. Some users may have skin irritation or allergy after wearing the wristband for a long time. In cases of redness, swelling, itching or other allergic symptoms, please consult your doctor. 5. Do not check screen information when driving, being distracted, or other circumstances that may be dangerous;
6. This is not a toy. Do not allow children or pets to play with the product. Small components of the product may cause choking hazards;
7. Product functionalities may be affected by external factors such as interference, therefore data is for reference only;
8. The product has a heart rate recording function. Wearing for a long time may cause some users to have skin discomfort, allergic symptoms, or some risk for the users suffering from certain diseases. If any of the followings occurs, please consult your doctor before use or stop using this product:
 - Epilepsy or sensitive to light;
 - Poor blood circulation or prone to have bruises; Heart disease or other diseases;
 - Taking any light sensitive drugs.

12. Medical Disclaimer
WARNING: THIS REALME WATCH IS NOT A MEDICAL DEVICE. The realme Watch and its associated applications should not be used to diagnose, treat, or prevent any disease or medical condition. Always seek the advice of a qualified medical professional before making any changes to your exercise, sleep or nutrition, as doing so may cause severe harm or death.

Warning

13. Other Notes

- Do not dispose of the battery against with regional regulation of household waste.
- Package recycle should be in accordance with local regulations.

14. EU Declaration of Conformity (DoC)
Hereby, realme, declares that this realme Watch is in compliance with the essential requirements and other relevant provisions of Radio Equipment Directive 2014/53/EU. The declaration of conformity may be consulted at www.realme.com/global/support/eu-declaration

15. Warnings

- Replacement of a battery with an incorrect type that can defeat a safeguard (for example, in the case of some lithium battery types);
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;
- Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas;
- A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

Warning

16. Recycling Initiative
At realme we understand that our responsibility doesn't end at selling you our products. realme have been working in the area of safe disposal of electronic waste. Since mobiles, wearables and other electronic items are made of hazardous constituents. Under the Guidelines of Ministry of Environment, Forest and Climate Change, Government of India, E-waste (Management) Rule, 2016 and Amendment E-waste Rule 2018.

- realme will seek shared responsibility and cooperation from customers in reducing the environmental impact of their products.
- realme will comply with all the applicable laws related to e-waste management.

As a part of e-waste recycling initiative, realme have partnered with an authorized e-waste company named as 3R Recycler for collection, dismantling and disposing E-waste collected from all over India. 3R vision is to look at e-waste not just as waste, but as an important resource that can be made useful instead of shunning it as a social and environmental burden with their fully automated facility for e-waste recycling. For further information about e-waste recycling and our e-waste recycling partner & their process you may log on to www.3rrecycler.com or write an email to admin@3rrecycler.com Call us on toll free hotline - 1800 102 8652.

17. FCC Statement
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Warning

—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
Radiation Exposure Statement
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
