

Appendix E. Antenna location

The size of the EUT is 164.5mm (length) X 76mm (width), the length of the diagonal is 181.2mm.
 Per KDB 648474 D04, because the diagonal distance of this device is > 160mm, it is considered a "Phablet" device.
 The location of the antenna inside EUT is as below:

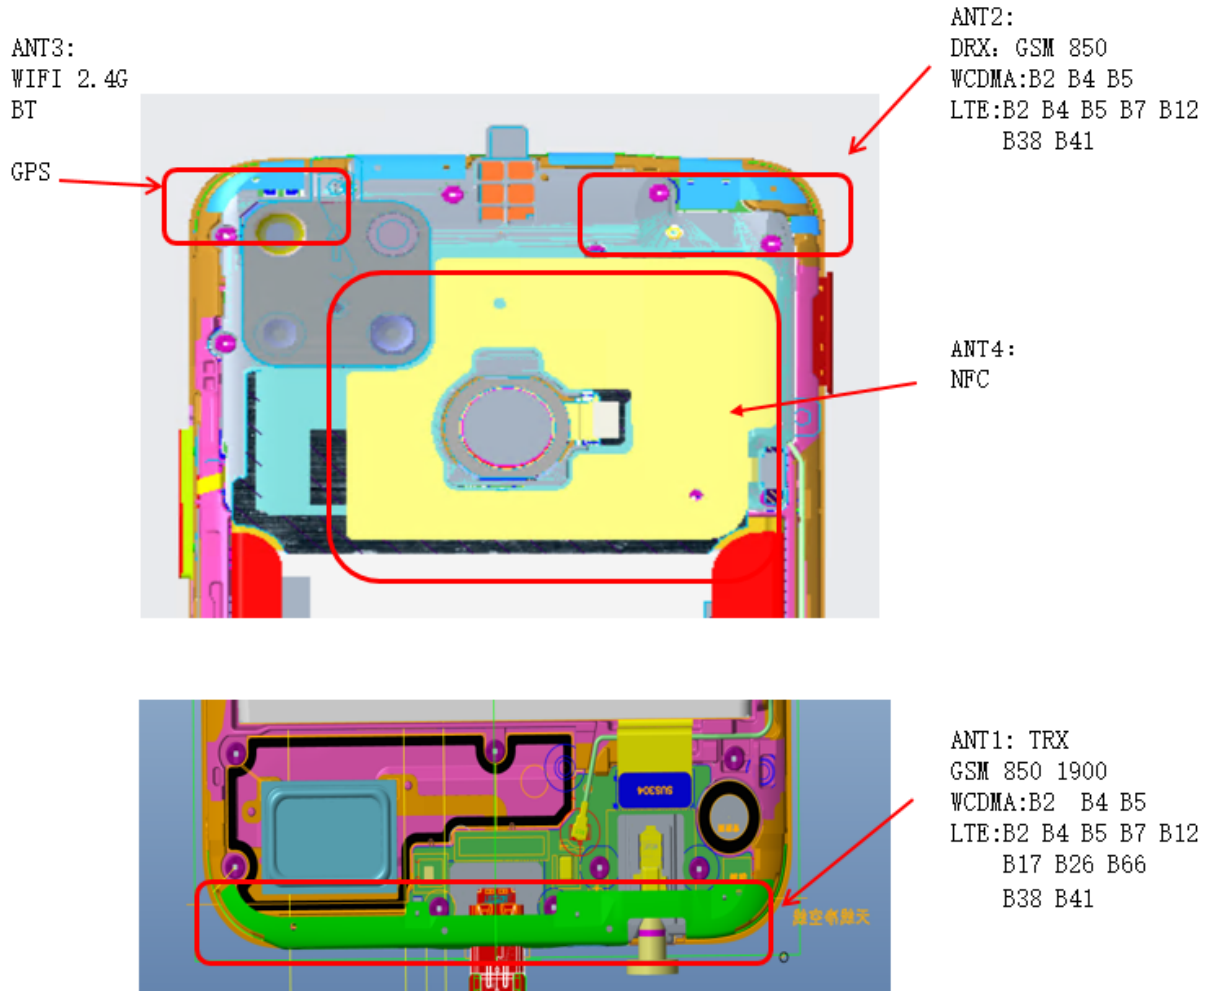

Figure: The location of the antennas

For each antenna, the EUT is tested in Hotspot and Specific 10g SAR at the following test positions:

Antenna	Front Face	Rear Face	Left Side	Right Side	Top Side	Bottom Side
Ant 1 (Down Antenna)	YES	YES	YES	YES	NO	YES
Ant 3 (WiFi Antenna)	YES	YES	NO	YES	YES	NO

Note:

- 1) The distance of the positions to edge which more than 25mm are not required to test.
- 2) The Ant 2 (Up Antenna) does not support TX function.
