

**Asahi Research Corporation**  
*Santoku Bldg. 4F, 3-3-8 Kita-sinagawa, Sinagawaku, Tokyo 140-0001*

**Date: December 04, 2019**

**FCC ID: 2AUZG-PS-9**

**Model Number: PS-9, BS-9**

To:  
Federal Communications Commission  
Authorization and Evaluation Division  
7435 Oakland Mills Road  
Columbia, MD

To Whom It May Concern,

We, **Asahi Research Corporation** declare that this EUT (FCC ID: **2AUZG-PS-9**) doesn't have Ad Hoc mode function on "non-US/Canada frequencies". In addition. The frequency selection feature is disabled by firmware for devices marked to the US/Canada. For DTS part of this device, only channels 1-11 will be used in North America, Country code selection is disabled. And we turned off all the bluetooth functions through the software.

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely,

A handwritten signature in black ink, appearing to read 'Masahiro Yamada', with a stylized flourish at the end.

(Signed)
