RE: Request for Change in ID

< CE LINK LIMITED > Original FCC ID: < 2BBDT-3KV >  
Original Grant Date: <08/02/2023>  
< Eaton Corporation > New FCC ID: < 2AV4C-GC3000L >

To Whom It May Concern:

< Eaton Corporation > verifies the equipment bearing the modified identification does not differ from the original equipment, there are no differences in terms of both hardware and software. The only difference is branding: the original equipment carries < CE LINK LIMITED> brand, the equipment bearing the changed identification carries < Eaton Corporation > brand.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.

If you required any additional information, please contact us.

Regards,
