RE: Change in FCC Identifier

CoreKinect LLC developed 2 devices, Model Numbers OBDLRA1 and GENLRA3, for Cox Communications, Inc. (“Cox”) as works for hire. Cox is and has always been the exclusive owner of all rights, titles, and interests in these 2 devices. Nevertheless, the FCC Identifier (“FCC ID”) granted to these 2 devices uses an FCC grantee code for CoreKinect.

Cox seeks a change in the FCC ID for these 2 devices using Cox’s Grantee Code. Cox’s Grantee Code is 2AV5Z and its FRN is 0001834696. Cox has made no changes in the design, circuitry, or construction in either of these 2 devices, and the original test results continue to be representative of and applicable to the equipment. There have also been no minor cosmetic changes or changes in model numbers.

Cox has included a signed permission letter from the original grantee for both devices, CoreKinect, and photographs of the exterior appearance of the devices. The original FCC ID for the 2 devices are listed below:

Model OBDLRA1	FCC ID 2ARKMOBDLRA1	Granted 9/12/2019
Model GENLRA3	FCC ID 2ARKMOBDLRA1	Granted 9/12/2019

If you have any questions or require additional information, please do not hesitate to contact me.

Thank you for your time and attention.
