GETTING STARTED

Power On/Off

* Press and hold the power button for 2~3s to turn on your tablet. Select your language and set up your tablet following the start guide.
* Press and hold the power button for 2s, then release it. It will show Power off, Restart and Screenshot on the screen. Tap Power off to turn off the tablet.
* Press and hold the power button for 10s to do a forced reboot when it's frozen.

Battery

*A rechargeable Li-ion battery is installed in the tablet.
*DO NOT attempt to replace the tablet battery by yourself because you may damage the battery, which might cause overheating, fire or injury.
*DO NOT dispose of tablet in a fire.
*DO NOT expose the tablet battery to any heat source, direct sunlight or high temperature
*Only use the ORIGINAL power adapter provided by us to charge the tablet battery. (Note: Please plug your charger into the power outlet and power on before charging your tablet. Good charging habits can prolong battery life)
*We suggest you drain the battery completely once a month if only use your tablet occasionally.
*The Li-ion battery in your tablet should be serviced or recycled by an authorized service provider, and must be recycled or disposed of separately from household waste.
*Dispose of battery according to your local environmental laws and regulations.

Sleep Mode

Simply press the power button once to switch the tablet to the Sleep Mode when the tablet is ON; press again to wake it up.

* Tip
Go to Settings > Display > Sleep to set the time of entering the Sleep Mode.

Screenshot

* Press the Volume- button and the Power On/Off button for 2 seconds to capture a picture.
* Press and hold the power button for 2s, then release it. It will show Power off, Restart and Screenshot on the screen. Tap Screenshot to capture a screenshot.

TROUBLESHOOTING

Q1. The tablet doesn't power on.
* Reboot your tablet after charging for more than 30 minutes.
* Press the power button to check if the tablet is in the Sleep Mode.
* Press and hold the power button for 10s to reboot it.
* Press the Reset button with a pin to reboot the tablet.

Q2. The tablet doesn't charge.
* Make sure the USB cable is properly plugged into the charging port.
* Try another compatible USB cable and adapter.

Q3. Error message occurs during the operation.
* Uninstall the App with the error message, then download and install again.

---

* Press the Reset button with a pin to power off the tablet.

Q4. The tablet cannot be detected by the computer.
* Make sure the tablet is powered on.
* Try another USB cable.
* Try another USB port on the computer.
* Instead of Charge only, choose Media device(MTP) or Camera(PTP) when connecting the tablet to the computer.

Q5. The tablet cannot connect to the WiFi.
* Make sure the WiFi in your tablet is ON.
* Make sure you input the correct password when connecting the WiFi.
* Restart the router.
* Make sure there is no filter setting or device connection limitation in the setting of the router.
* Forget the current Wifi, reset the router and connect the Wifi again.

Q6. The storage space of the tablet is not enough.
* Delete the Apps you don't use.
* Clear the cache of the Apps regularly.
* Install a memory card to expand the storage.

Q7. The screen is unresponsive.
* Check if the screen is dusty or greasy. If yes, please gently wipe the screen with a cloth to clean it.

Q8. The font size is too small to read.
* Please go to Settings > Display > Advanced > Font Size to adjust the text size.

Q9. Can the tablet support OTG function?
* Yes, but an extra OTG cable is required. You can connect the mouse or a USB drive through the cable then.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

The symbol indicates DC voltage

RECYCLING

This product bears the selective sorting symbol for Waste electrical and electronics equipment (WEEE). This means that this product will be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.
