Cover Letter

To Whom It May Concern,

This cover letter accompanies the document pack for the Node V6. This product was previously known as the Cheetah Logger and some of documents included refer to the original name. The intellectual property associated with this product was purchased from WesternGeco and will now be marketed as the STRYDE Node. There have been no major changes made to the product that would affect the unintentional radiated emissions. The original test results in Nemko AS Report No. 362179-1 continue to be representative of and applicable to the equipment bearing the changed identification.

Please contact me if there is any additional information you may need.

Yours faithfully,

Adam Jones
