HOW TO USE

- First, use other level indicators to level the RV.
- Second, scanning the QR code with your phone's camera or searching Kohree Rv in your app store, then download the APP.
- Then, Open the app and follow the software prompts to finish all the setting work.
- Start work! When you get to the next RV campsite, power on the leveler, click the APP, then you can adjust the RV to a level state according to the instructions of the app.

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID: 2AV7N-HY1704

Frequently Asked Questions:

Do I need to keep the device on all the time?
NO. After leveling rv, it is recommended to turn off the switch to save energy.

What's the model of batteries?
The pre-installed batteries are CR2450. If you need to replace the batteries, please purchase the same model.

How long is the battery life?
In the standby state, the battery can be used for 3 months; in the working state, it can be used for 168 hours.

Other questions you may concern?
Any confusing questions, please contact our customer service, we will respond to you as soon as possible!
