Solid blue for 1 second, then off	Connected to power
Breathing blue	Charging mobile device
Solid blue	Fully charged mobile device
Flashing blue	Metal objects detected
Flashing blue	Incompatible AC adapter or cable connected

LED Indicator Switch

Turn on/off the Breathing light while charging.

Important Note in using Wireless Charging:

- Using an ultra-thick protective phone case or a case with a magnetic/iron plate is not recommended as it may affect the wireless charging function.
- Do not place any foreign objects between your smartphone and the wireless charger's surface, including metal pads on a car mount, credit cards, door keys, coins, metal, or NFC cards, as it may cause overheating.
- Do not connect the wireless charger to a 5V/1A wall charger or a USB port on a computer as it may affect the wireless charging function.

Important Safety Instructions

- Avoid dropping.
- Do not disassemble.
- Do not expose to liquids.
- For the safest and fastest charge, use original or certified cables.
- This product is suitable for moderate climates only.
- The maximum ambient temperature during use of this product must not exceed 40°C.
- Open flame sources, such as candles, must not be placed on this product.
- Only use a dry cloth or brush to clean this product.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio / TV technician for help.

Radiation Exposure Statement

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

Product Name: Wireless Charger Stand

Model: V6

IC Statement

This device complies with RSS-216 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference.

Specifications

Input	5V=2A/9V=2A/12V=1.5A
Output	15W Max
Size	142 x 70 x 50mm / 5.6 x 2.8 x 2.0 in
Weight	247g/8.7oz

Declaration of Conformity

Hereby, Shenzhen Soopii Technology Co., Ltd. declares that the product type V6 is in compliance with Directive 2014/53/EU.
