Product Similarity Declaration

Date: 2020-11-02

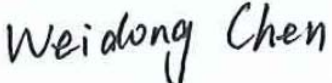

Dear Sir/Madam,

We, Shenzhen Snapmaker Technologies Co., Ltd. hereby declare that we have a product named as Snapmaker Modular 3D Printer, (model:A350, FCC ID: 2AVDG-80018XHFW) were tested by BACL, Meanwhile, for our marketing purpose, we would like to list a series model (A150, A250) on reports and certificate. all the models are identical in schematics & trade name, but are different in below items:

1. Three models have different appearance, sizes and weights, and therefore their enclosures have different appearance, sizes and weights.
2. Due to the different sizes, three models have different build volumes on 3D printing feature, as well as different work areas on laser engraving/cutting feature and CNC carving feature.
3. The heated beds (a part of the machine) have different appearance, sizes and PCB layout. In addition, the maximum temperatures that the heated beds can reach are different.
4. The platforms and the linear modules (a part of the machine) are different. The quantities of some parts are also different.

We confirm that all information above is true, and we'll be responsible for all the consequences. Please contact me if you have any question.

Sincerely Yours,
