b) Access And Instructions To Display Regulatory Information

b.1) Users must be able to access the regulatory information without requiring special access codes or permissions, and in all cases, the information must be accessible in no more than three steps from a product's main or home menu

The instructions on how to access the information are in in the User Manual/Safety and Regulatory Information booklet, and in the online version of the User Manual/Safety and Regulatory Information booklet:

"Location of the FCC ID and other regulatory information, and compliance marks on your device: The FCC ID and other regulatory information can be found in the device with the following steps: 1) From the Home screen long press the Flashlight button; 2) Select: Info. 3) Select: "Legal & Regulatory" by clicking on the power (center) button.

b.2) Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information.

No special accessories or supplemental plug-ins are required to access the information.

To access the Information in the device: 1) From the Home screen, long press the Flashlight button; 2) Select: Settings 3) Select: Legal & Regulatory"

b.3) The FCC ID, warning statements, or other information must be displayed electronically in a manner that is clearly legible without the aid of magnification.

Yes. It is clearly legible without the aid of magnification.

b.4) Both regulatory information and dedicated exclusive application(s) or script(s) must be secured and implemented in a factory-set-unalterable format.

The e-label information is pre-programmed. The user cannot modify the e-label information.

b.5) When e-labeling is used, a physical temporary label is also required on the product, or a label on the packaging, at the time of importation, marketing, and sales.

The FCC ID is present on the product packaging.

An example is provided below

CAN GO™

The Connected Smart Cane
Walk With Confidence

Safety & Health at Your Fingertips

Emergency Calling
Built-in phone connects you to your emergency contact with the push of a button.
