

### EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p><b>EUT Housing and Board View 1</b></p>	 A photograph showing two components of an EUT: a black plastic housing and a green printed circuit board (PCB). The housing is on the left, and the PCB is on the right. They are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the top edge marked from 0 to 100 and the bottom edge marked from 0 to 100. The components are positioned between the 10 mm and 40 mm marks on the ruler.
<p><b>EUT Housing and Board View 2</b></p>	 A photograph showing the EUT housing and board from a different perspective. The housing is on the left, and the PCB is on the right. The housing is partially open, revealing internal components. The components are placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the top edge marked from 0 to 100 and the bottom edge marked from 0 to 100. The components are positioned between the 10 mm and 40 mm marks on the ruler.
