United States
Contact Person: Guy Monhollen

Subject: Authorization to Refer to and / or Re-use Technical Documentation and Test Reports from FCC/ISED Radio Module certification

Dear Sir or Madam:

We, Microchip Technology Inc. authorize Schindler Elevator Corporation to refer to and / or re-use confidential and non-confidential technical documentation and test reports as filed for certification of our radio module under FCC ID: 2ADHKWILC3000 / IC: 20266-ATWILC3000 for new FCC / ISED certification of their host product under FCC ID: 2AVFL-50700305 / new ISED filing.

Our modular approval documents filed to FCC/ISED with short or long-term confidentiality classification must be treated and classified accordingly when re-submitted for the host certification.

Confidential technical documents filed under our identified modular certifications will be made available on request to TUV Rheinland of North America, Inc.

If you have any question or concern feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Caldwell'.

Steve Caldwell

Vice President
Wireless Solutions Group
