

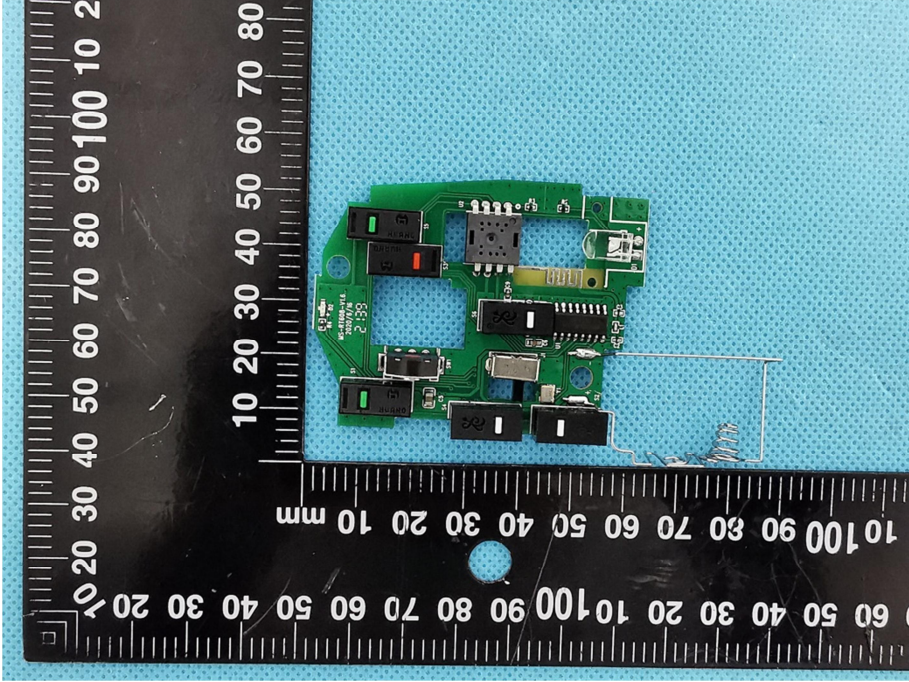

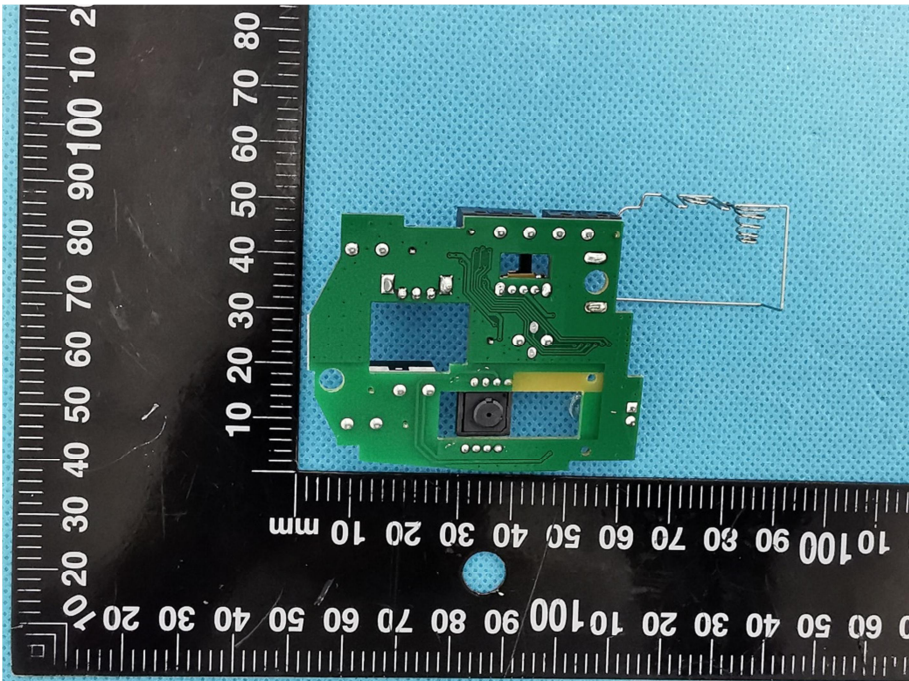

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p style="text-align: center;">Solder Board-Component View 1</p>	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The board is irregularly shaped and populated with several electronic components, including integrated circuits, capacitors, and connectors. It is placed on a blue textured surface next to a black ruler with white markings in millimeters. The ruler shows measurements from 0 to 100 mm. The board's components are clearly visible and soldered to the board.
<p style="text-align: center;">Solder Board-Component View 2</p>	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the board, revealing the solder joints and the underside of the components. The board is placed on the same blue textured surface next to the same black ruler. The ruler markings are visible, providing a scale for the component's size.
