## LED STATUS INDICATIONS

- Charging: white LED on
- Error: red LED flashes
- Dynamic output adjustment: white LED flashes

## HOW TO USE

1. Connect the USB-A end of the charging cable to a wall adapter or a computer, and the other USB-C end of the cable to the port on the wireless charger.
2. Put your device on the charging pad and it will start charging.  
The white LED will be on during charging.

## COMPATIBLE DEVICES

The charger is compatible with all wireless-charging-enabled, Qi-standard devices and accessories.

Please read these safety warnings and cautions carefully to ensure your personal safety and prevent property damage.

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
