

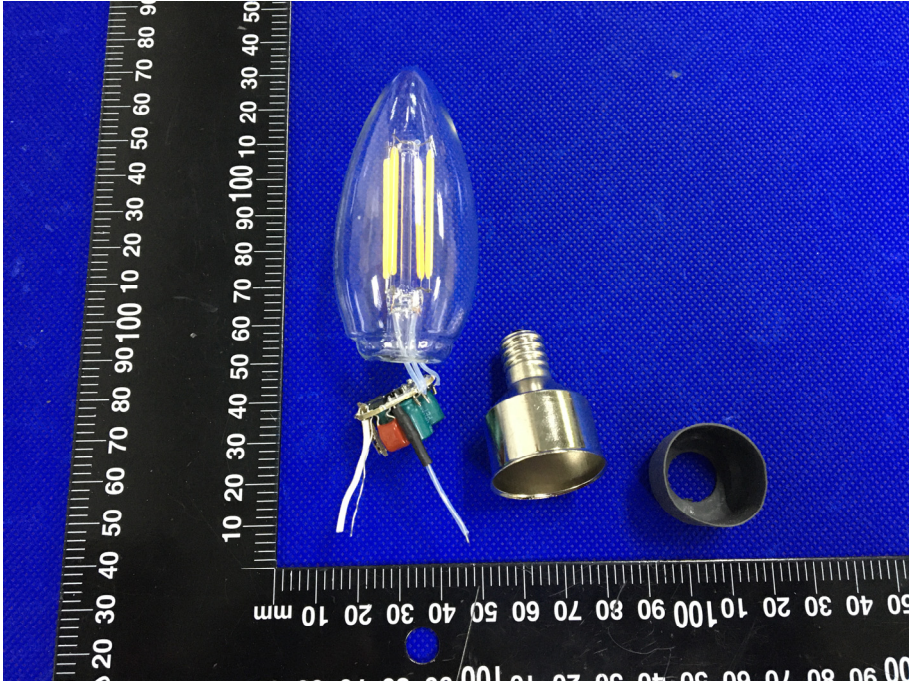

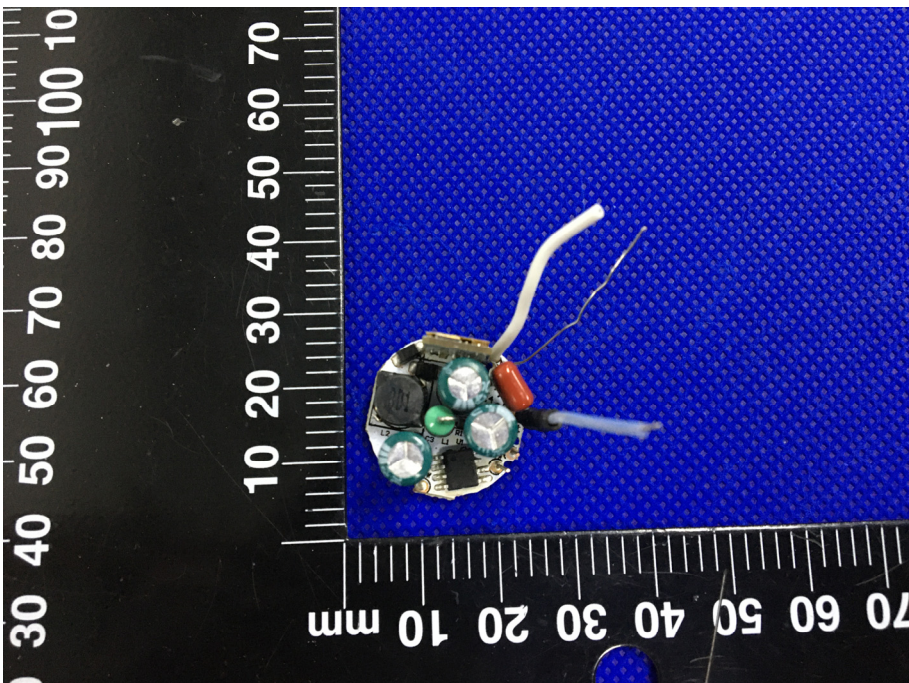

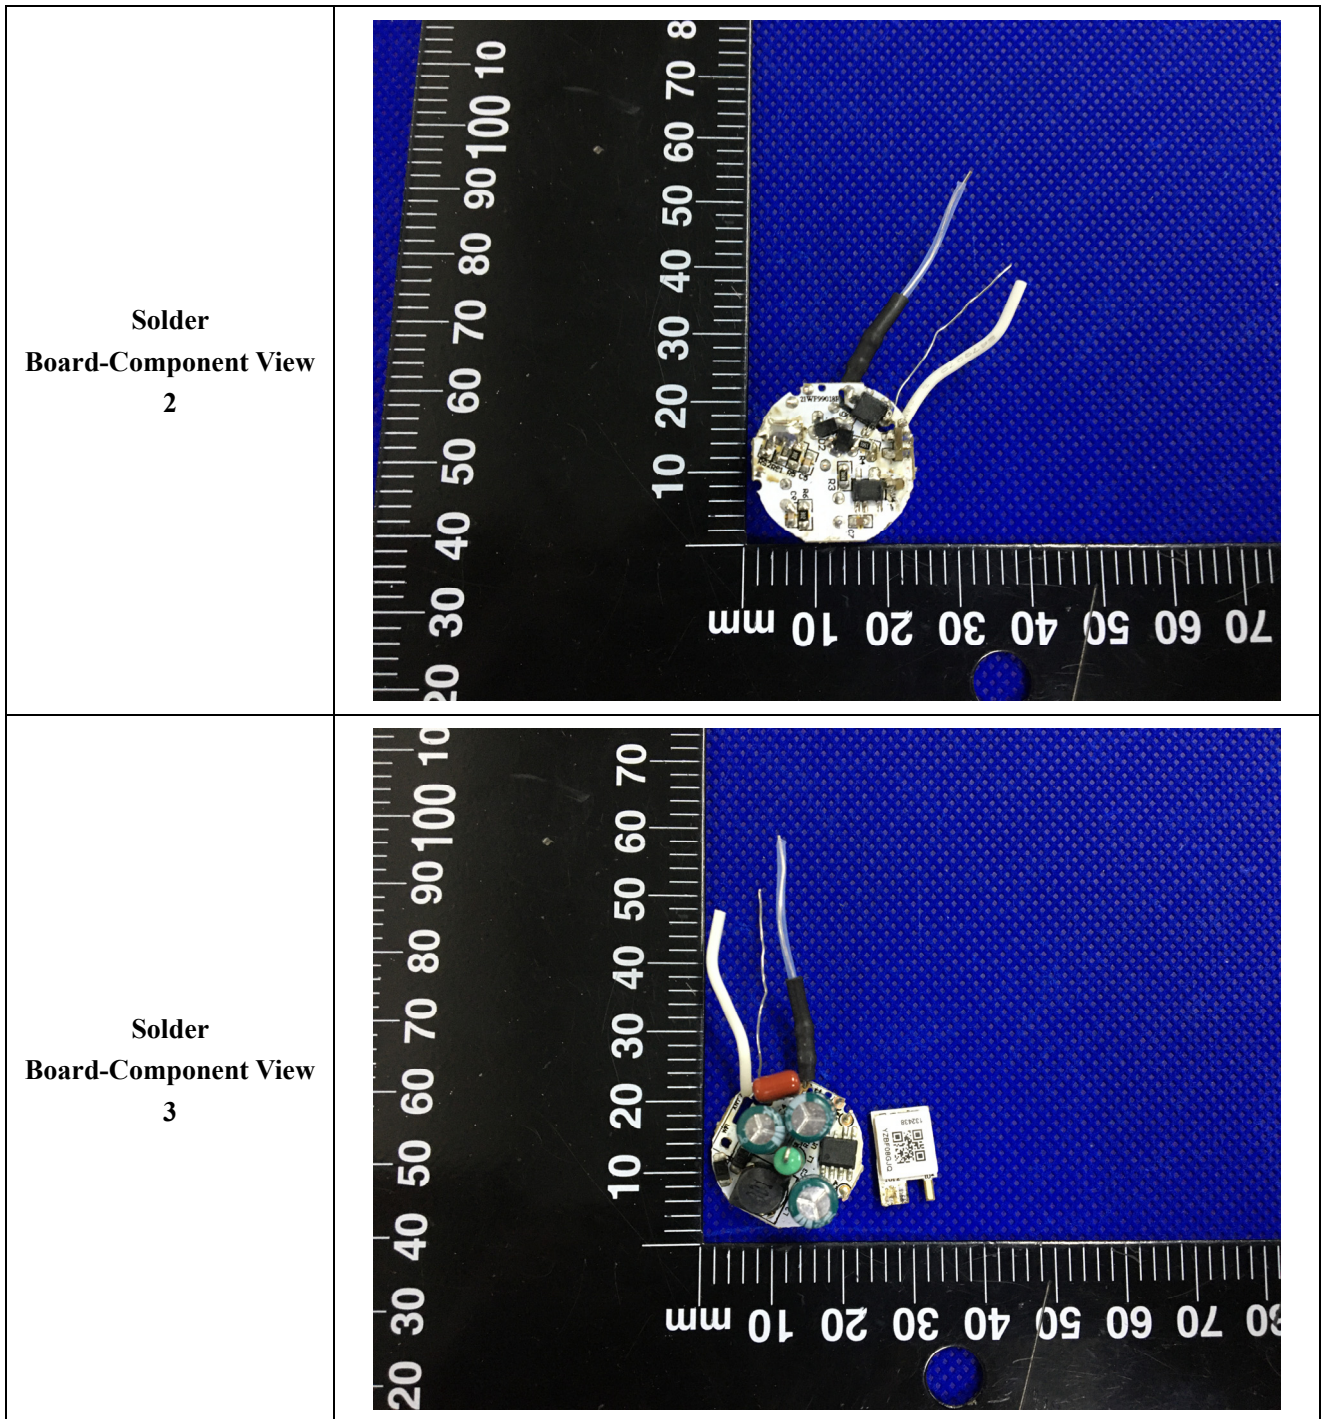

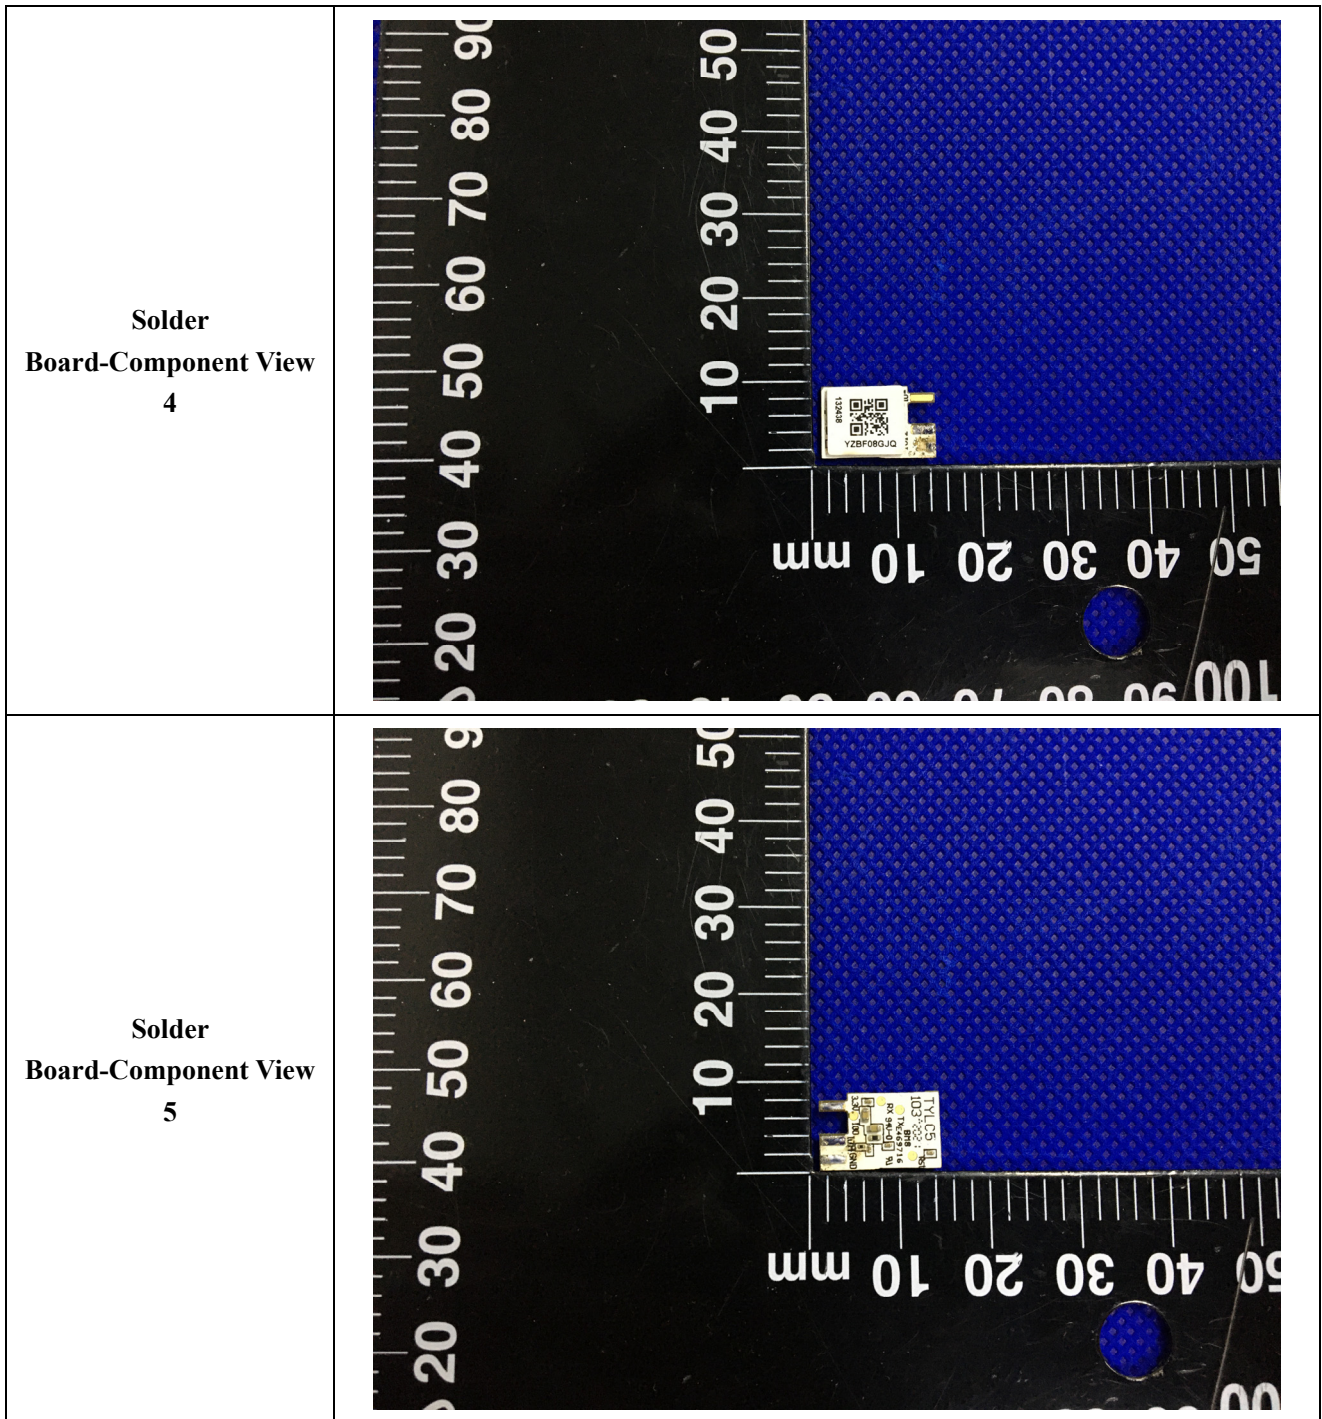

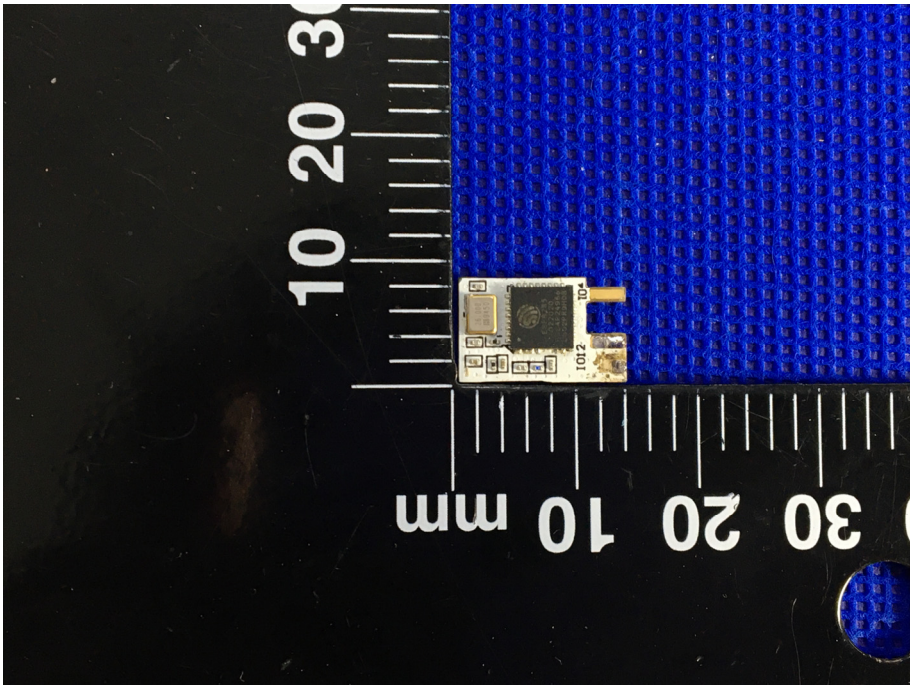

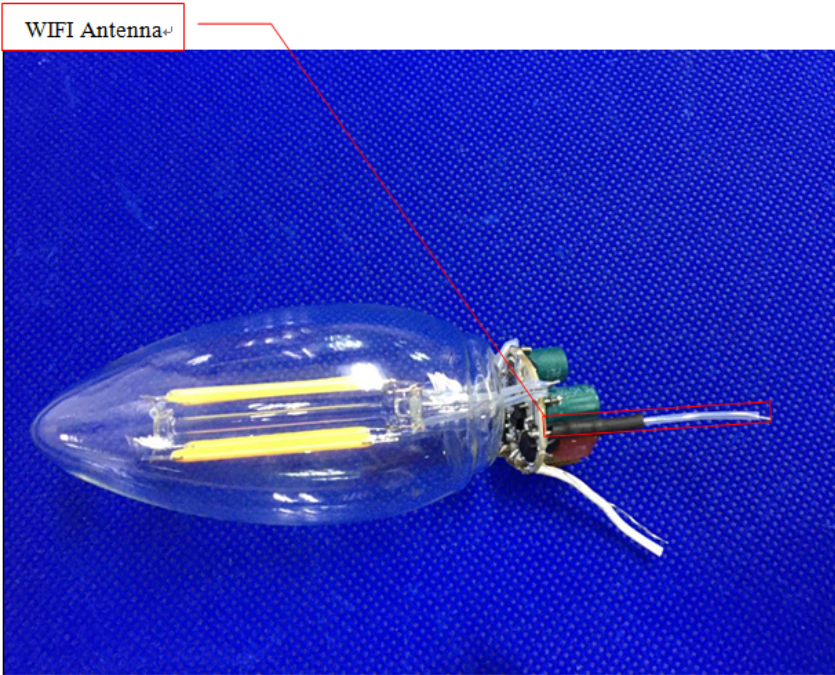

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the EUT housing and board components. On the left is a clear, teardrop-shaped glass housing containing a yellow LED strip. To its right are a brass-colored metal base with a threaded top and a black plastic ring. A ruler is placed vertically and horizontally for scale, showing measurements in millimeters. The background is a blue textured surface.</p>
<p>Solder Board-Component View 1</p>	 <p>A photograph showing a close-up of a soldered board component. The component is a small green PCB with several components: a black integrated circuit, two green electrolytic capacitors, and a red resistor. Two white wires are soldered to the board. A ruler is placed vertically and horizontally for scale, showing measurements in millimeters. The background is a blue textured surface.</p>

<p>Solder Board-Component View 6</p>	 <p>A photograph showing a small, rectangular WiFi antenna component mounted on a blue textured board. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters, with '10 20 30' visible on the left and '30 20 10 mm' on the right. The component has a gold-colored base and a small black chip with '1012' and '1024' markings.</p>
<p>Antenna View</p>	 <p>A photograph showing a clear, teardrop-shaped antenna component. The component has a yellow LED strip inside. A red label 'WiFi Antenna' is positioned above the component, with a red line pointing to the antenna's base. The component is mounted on a blue textured board. A white wire is visible extending from the base of the antenna.</p>
