Columbia, MD 21046

Subject: Request for Confidentiality, FCC ID: 2AVOB-XVZQ49

To whom it may concern:

In accordance with Sections 0.457 and Section 0.459 of the Commission's rules, 47 C.F.R. §§ 0.457, 0.459, Nalloy LLC ("Nalloy") hereby requests that the following confidential information contained within the below identified exhibits/document categories submitted pursuant to radio equipment certification requirements for FCC ID: 2AVOB-XVZQ49 be withheld from public inspection as set forth below.

Long-Term Confidentiality

Nalloy requests to hold permanently confidential all information contained within the below identified exhibits/document categories submitted pursuant to radio equipment certification requirements for FCC ID: 2AVOB-XVZQ49

1. *Block Diagram*
2. *Operational Description*
3. *Schematics and antenna specification*
4. *Parts List / Tune-Up Procedure*

The above material contains trade secrets and proprietary information as specified by 47 C.F.R. § 0.457(d) and technical data, which is not generally known to the public and which is guarded from competitors. The public disclosure of this confidential information would be harmful to our company by unjustly depriving it, relative to its competitors, of competitive advantage resulting from its investment and innovation .

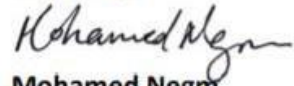

These documents reveal technical and design information that has not been publicly disclosed in marketing materials and is protected by Nalloy as confidential and proprietary trade secrets as specified by 47 C.F.R. § 0.457(d).

This information has been disclosed only to those required to maintain its confidentiality, and is not customarily disclosed publicly prior to the commercial release of the device. As a result, disclosure of this information by the Commission prior to commercial release would harm Nalloy by unjustly depriving it, relative to its competitors, of competitive advantage resulting from its investment and innovation. The period of confidentiality requested is necessary to protect the information until the commercial release of the device.
