Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

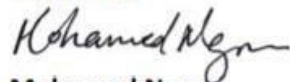

To whom it may concern:

Nalloy LLC, hereby requests a Permissive Change Class II of the radio equipment certification for the XVZQ49 certification number, FCC ID: 2AVOB-XVZQ49. This product differs from the originally approved product in the following manner:

- (a) Functional capabilities. – The permissive change is for the device operating in hybrid mode.
- (b) Antenna Characteristics. – No
- (c) Cosmetic differences – Silkscreen color

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

Mohamed Negm
Compliance Engineer
