INSTRUCTIONS FOR USE

Charging the speaker

The speaker has built-in rechargeable battery. When the battery is drained out, speaker would turn OFF automatically. Please recharge the battery every time it drains out.

Plug the Micro USB end of the included USB rechargeable cable into the charging port. Plug the other end into a USB port on your computer or other devices made for USB charging. Red LED Light illuminates indicating that the device is being charged.

It takes 3-4 hours to fully charge the speaker. Once the speaker is fully charged, LED Light would turn OFF.

Turning ON/OFF the Speaker –

Before Turning ON the speaker, please ensure that it is fully charged.

Press and hold the ON/OFF button for 3-4 seconds to turn on the unit, or 2-3 seconds to turn off.

Connect using Bluetooth Technology

- Press and hold the ON/OFF button for 3-4 seconds to turn on the unit. An indication tone would be heard and blue LED indicator flashes rapidly, indicating that you are now in Bluetooth Pairing Mode.
- Activate the Bluetooth function on your source device (Mobile Phone or Tablet). Please refer to manufacturer’s instructions for instructions on enabling Bluetooth on your device.
- Search for available Bluetooth devices and you would find “**SL POP-TOP**” – Pair it with this device.
- If required, enter the password “0000” to pair with the device.
- Once paired successfully, you would hear another indication tone, and blue LED flashes very slowly.
- You can now stream wireless music on your speaker through your source device.

Answering Calls through Bluetooth Speaker

Please ensure that you are paired with the Bluetooth Speaker to use the below functions.

Function	Operation	Button
Answer Incoming Call	Incoming Call	Press the Phone button once to answer an incoming call.
Reject incoming call	Incoming Call	Short press the Phone button twice
End Call	Incoming Call	After your phone conversation, short press the Phone button
Increase Volume	During a call	Press and hold the Volume increase button to increase the volume
Decrease Volume	During a call	Press and hold the Volume decrease button to decrease the volume
Redial last number	Standby mode and connected to a device	Short press the Phone button twice

Listening to Music Wirelessly

Please ensure that your device (iPhone, Tablet or Other Smart Phone) is paired with the Bluetooth Speaker to stream music wirelessly. Once it is paired, play music from your device.

Function	Operation	Button
----------	-----------	--------

Increase Volume	Playing music	Press and hold the Volume increase button to increase the volume
Decrease Volume	Playing music	Press and hold the Volume decrease button to decrease the volume
Pause	Playing music	Short press the Play/Pause button will pause the music
Play	Pausing	Short press the Play/Pause button will resume the music
Previous track	Playing music	Short press the Previous track button will return you to the previous track
Next track	Playing music	Short press the Next track button will take you to the next track

(Note: An indication tone will alert you when the volume is adjusted to the maximum level. In Aux mode, besides the volume increase/decrease, you will need to control through your source device.)

Stream music from Micro SD (TF) Card or USB Flash Drive –

- Turn ON the speaker.
- Insert the Micro SD (TF) Card or USB Drive preloaded with songs, into the Micro SD (TF) Card Slot or USB Card Slot of the speaker respectively. An indication tone would be heard and speaker would automatically start playing songs from the Micro SD (TF) Card or USB Drive.
- To Skip Track Forward – Short press the Next track button.
- To Skip Track Backwards – Short press the Previous track button.
- To Pause the Track – Short press the Play/Pause button.
- To Play the Track – Short press the Play/Pause button.
- Long press Volume increase button to increase the volume or Volume decrease button to decrease the volume.

Note: Micro SD Card & USB Flash Drive NOT included.

Listening to FM radio

- Turn ON the speaker.
- Insert the Aux cable (included) into the auxiliary port. Leave the other end of the cord open. The Aux cable serves as FM Antenna while in FM Radio mode.
- Press and hold the Mode button for 2 seconds each time until it reaches FM radio mode, with sound coming from a FM radio station.
- To AUTO-SCAN the stations, short press the Play/Pause button once.
- It will take few minutes to search all the stations. Once all the stations are scanned, they get registered in memory, automatically.
- Press Next track or Previous track button to skip selected stations.
- Long press Volume increase button to increase the volume or Volume decrease button to decrease the volume.

Play music through “Auxiliary” mode

- Turn ON the speaker.
- Insert one end of the Auxiliary cable (included) into the Auxiliary port, and an indication tone would be heard. Insert the other end to the audio device (such as phone / MP3 Player / computer / tablet /etc.).
- Press and hold the Mode button for 2 seconds changing to Aux mode with an indication tone.

- Select your favourite song at the source device to play.
- Long press Volume increase button to increase the volume or Volume decrease button to decrease the volume.

Note: Play, Pause, Skip Forward, Skip Backward etc can only be controlled through the source devices, while playing music in Auxiliary mode.

Tips!!

1. Short press the “Mode button” to switch different functions of the speaker between – Bluetooth / AUX-In / USB-Micro SD (TF) / FM radio.
2. When the speaker is not in use, turn it OFF in order to save the battery power.

LED Light

1. Turn on the speaker.
2. Short press the LED Light Button each time to change the LED Light color pattern:
White -> Bright white -> Green -> Red -> Blue -> Color changing -> Color changing and slow flashing -> Color changing and moderate flashing -> Color changing and rapid flashing -> off

	Media paused on source.	Play media from source.

Care and maintenance

Read the following recommendations before using the Bluetooth Speaker. Following these you will be able to enjoy the product for many years.

- Do not expose the unit to liquid, moisture or humidity to avoid the product's internal circuit being affected.
- Don't use abrasive cleaning solvents to clean the unit.
- Do not expose the unit to extremely high or low temperature as this will shorten the life of electronic devices, destroy the battery or distort certain plastic parts.
- Don't dispose of the unit in fire as it will result in an explosion.
- Don't expose the unit to contact with sharp objects as this will cause scratches and damage.
- Don't let the unit fall down onto the floor. The internal circuit might get damaged.
- Don't attempt to disassemble the unit as it may get damaged if you are not professional.

FCC Instructions

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

NOTE: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Limited Warranty

This manufacturer's product warranty extends to the original consumer purchaser of the product. Neither the retailer nor any other company involved in the sale or promotion of this product is a co-warrantor of this manufacturer warranty.

WARRANTY DURATION: All materials and workmanship are warranted to the original consumer purchaser for a period of ninety (90) days from the original purchase date.

WARRANTY COVERAGE: This product is warranted against defective materials or workmanship. This warranty is void if the product has been damaged by accident, in shipment, unreasonable use, misuse, neglect, improper service, commercial use, repairs by unauthorized personnel or other causes not arising out of

defects in materials or workmanship. This warranty is effective only if the product is purchased and operated in USA and does not extend to any units which have been used in violation of written instructions furnished by manufacturer or to units which have been altered or modified or, to damaged products or parts thereof which have had the serial number removed, altered, defaced or rendered illegible.

WARRANTY DISCLAIMERS: This warranty is in lieu of all warranties expressed or implied and no representative or person is authorized to assume for manufacturer any other liability in connection with the sale of our products. There shall be no claims for defects or failure under any theory of tort, contractor commercial law including but not limited to, negligence, gross negligence, strict liability, breach of warranty and breach of contract. Under no circumstances will Manufacturer's / Distributor's maximum liability exceed the retail value of the product.

WARRANTY PERFORMANCE: During the above 90-day warranty period, a product with a defect will be either repaired or replaced with a reconditioned comparable model (at manufacturer's option). The repaired or replacement product will be in warranty for the balance of the 90-day warranty period and an additional one-month period. No charge will be applicable for such repair or replacement.

SERVICE AND REPAIR: If service is required for this product, you should first contact Midwest Trading Group Customer Service at info@mtradinggroup.com or by calling 1 (866) 815-4714, Monday to Friday 10am to 6pm EST.

NOTE: Manufacturer cannot assume responsibility for loss or damage during incoming shipment. As a precautionary measure, carefully package the product for shipment, and insure it with the carrier. Be sure to enclose the following details with the product: your full name, return address and daytime phone number, a note describing the problem you experienced, a copy of your sales receipt or other proof of purchase to determine warranty status. C.O.D. shipments cannot be accepted.
