TROUBLESHOOTING

Q1. The tablet doesn't power on.

- * Reboot your tablet after charging for more than 30 minutes.
- * Press the power button to check if the tablet is in the Sleep Mode.
- * Press and hold the power button for 10s to reboot it.
- * Press the Reset button with a pin to reboot the tablet.

Q2. The tablet doesn't charge.

- * Make sure the USB cable is properly plugged into the charging port.
- * Try another compatible USB cable and adapter.

Q3. Error message occurs during the operation.

- * Uninstall the App with the error message, then download and install again.
- * Press the Reset button with a pin to reboot the tablet.

Q4. The tablet cannot be detected by the computer.

- * Make sure the tablet is powered on.
- * Try another USB cable.
- * Try another USB port on the computer.

* Instead of Charge only, choose Media device(MTP) or Camera(PTP) when connecting the tablet to the computer.

Q5. The tablet cannot connect to the Wifi.

- * Make sure the Wifi in your tablet is ON.
- * Make sure you input the correct password when connecting the Wifi.
- * Restart the route.
- * Make sure there is no filter setting or device connection limitation in the setting of the router.
- * Forget the current Wifi, reset the router and connect the Wifi again.

Q6. The storage space of the tablet is not enough.

- * Delete the Apps you don't use.
- * Clear the cache of the Apps regularly.
- * Install a microSD card to expand the storage.

Q7. The tablet comes with scratches on the screen.

- * Check if the scratches are on the film. If yes, please remove the film.

Q8. The screen is unresponsive.

- * Check if the screen is dusty or greasy. If yes, please gently wipe the screen with a cloth to clean it.

Q9. How to use your voice to search a fact?

- * Tap the microphone icon on Google Search bar, tell the tablet what you want to know and it will show you the search results.

FCC Statement

This device complies with Part 15 of the FCC Rules: Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference and
- (2) This device must accept any interference that is received, including any interference that may cause undesired operation.

*RF warning for Portable device: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

This device is acting as slave and operating in the 2.4 GHz (2412 ~2462 MHz) band.

Ad Hoc function is supported but not able to operate on non-US frequencies. Do not use the device with the environment which below minimum -30 °C or maximum over 50°C .

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

WARNING:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES
