PRODUCT OVERVIEW

No installation required

IPHONE12 AND ABOVE FOR MAGSAFE PHONE/CASE Directly use

WATCH WON'T CHARGE

There are 2 ways to try

WATCH CASE

Remove the watch case

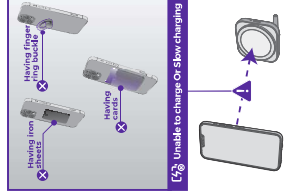

Restart

WRONG APPROACH

Having finger X
Having iron X
Having cards X

Unable to charge or slow charging

NOTES

EN /

01- Please refer to the charging supporting list for the device supporting the version of Qi2.0 or PP3W or above.

02- Please use it with phones such as MagSafe phone case or iPhone 12 or above.

03- If there is an iron sheet, finger ring buckle or credit card on the back of the phone, it will affect the charging efficiency.

04- When charging, please do not touch the phone with your hand, especially when the phone is hot. The phone will be cooled down after the charging process is completed. The phone may be hot when the charging process is completed.

05- In the charging process, slight heating is normal. If there is a strong heating phenomenon, please contact our customer service email.

DE /

01- Bitte verwenden Sie das Produkt mit unterstützenden Geräten, die die Version von Qi2.0 oder PP3W oder höher unterstützen.

02- Bitte verwenden Sie das Produkt mit MagSafe-Funktion oder iPhone 12 oder höher.

03- Wenn ein Eisblech, ein Fingerhut oder eine Kreditkarte auf der Rückseite des Handys liegt, wird dies die Ladeeffizienz beeinträchtigen.

04- Während des Ladeprozesses sollten Sie das Telefon nicht berühren, insbesondere wenn es heiß ist. Das Telefon wird nach Abschluss des Ladevorgangs abgekühlt.

05- Während des Ladeprozesses ist eine leichte Erwärmung normal. Wenn eine starke Erwärmung festgestellt wird, kontaktieren Sie bitte unseren Kundendienst per E-Mail.

FR /

01- Veuillez utiliser le chargeur compatible avec Qi2.0 ou PP3W ou supérieur.

02- Veuillez l'utiliser avec un boîtier avec MagSafe ou un téléphone compatible avec MagSafe (iPhone 12 ou supérieur).

03- Si l'appareil est en contact avec une feuille de fer, un anneau de doigt ou une carte de crédit sur le dos du téléphone, cela affectera l'efficacité de la charge.

04- Pendant le processus de charge, évitez de toucher l'appareil, en particulier lorsqu'il est chaud. L'appareil sera refroidi après la fin du processus de charge.

05- Pendant le processus de charge, un léger réchauffement est normal. Si vous observez un réchauffement important, veuillez contacter notre service client par e-mail.

IT /

01- Si prega di utilizzare solo dispositivi compatibili con Qi2.0 o PP3W o superiore.

02- Si prega di utilizzare il telefono con il caso MagSafe o il telefono compatibile con MagSafe.

03- Se c'è la presenza di ferro, foglio di alluminio o carta di credito sul retro del telefono, ciò influirà sull'efficienza della ricarica.

04- Durante il processo di ricarica, è sconsigliato toccare il telefono, in particolare quando è caldo. Il telefono si raffredderà dopo la fine del processo di ricarica.

05- Durante il processo di ricarica, un leggero riscaldamento è normale. Se si osserva un riscaldamento eccessivo, si prega di contattare il nostro servizio clienti.

ES /

01- Por favor, utilice dispositivos compatibles con Qi2.0 o PP3W o mayores.

02- Por favor, utilice el teléfono con un estuche compatible con MagSafe o un móvil compatible con MagSafe.

03- Si hay algo de hierro, un folio de aluminio o una tarjeta de crédito en la parte posterior del teléfono, afectará la eficiencia de la carga.

04- Durante la carga de energía, evite tocar el móvil, especialmente cuando está caliente. El móvil se enfriará después de finalizar el proceso de carga de energía.

05- Durante el proceso de carga de energía, un ligero calentamiento es normal. Si se observa un calentamiento excesivo, póngase en contacto con el departamento de correo electrónico de nuestro servicio al cliente.

JP

01- Qi2.0やPP3W対応のデバイスを使用してください。

02- MagSafe対応のケースまたはMagSafe対応のスマートフォンを使用してください。

03- 文字通り、鉄板やアルミ箔、クレジットカードなどが背面に貼られている場合は、充電効率に影響を及ぼします。

04- 充電時、スマートフォンが熱くなる場合があります。充電が完了すると、スマートフォンは冷却されます。

05- 充電中は、スマートフォンがわずかに温くなるのは正常です。過度の発熱が確認された場合は、カスタマーサポートにお問い合わせください。

FCC Warning

This equipment operates with an external power source and does not contain any internal battery. The user is responsible for compliance with the FCC rules. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

FCC RF exposure statement:
The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. Users should follow the following guidelines to ensure safe operation with this equipment: • Maintain a minimum distance of 20cm between the equipment and your body. • Do not use the equipment while holding it against your body, or while using an extension cord, power supply cord, or antenna cable.

Operation is subject to the following two conditions:

This device may not cause harmful interference, and you must accept any interference that may cause undesired operation. Any changes or modifications to this equipment without the express written consent of the party responsible for compliance could void the user's authority to operate the equipment.
