3. Features

- ✓ This wireless charger is a wireless charging product specially designed for PopSockets PopGrip user and lover, and no more needs to separate PopGrip and cell-phone case during the charging.
- ✓ This wireless charger only supports the plastic PopSockets PopGrip(No Metal, Aluminum and Jewelry type).
- ✓ The wireless charger design as separated between Coil part and PCB part improves heat-control and continuous charging.
- ✓ Protections: FOD(Foreign Object Detection), OTP(Over Temperature Protection), OCP(Over Current Protection), OVP(Over Voltage Protection) and muti-safety protection.
