Batteria ai polimeri di litio ricaricabile / Rechargeable Lithium-ion Polymer Battery / Wiederaufladbare Lithium-Ionen-Polymerbatterie / Batterie rechargeable au lithium-ion polymère / Bateria recarregável de polímero de íons de lítio / Bateria recargable de polímero de iones de litio: **3.7V 660mAh**

IT - Caricare la batteria a temperatura compresa tra i 15°C ed i + 35°C

GB - Charge the battery at temperatures between 15°C and + 35 ° C

DE - Laden Sie den Akku bei Temperaturen zwischen 15°C und + 35 ° C auf

FR - Chargez la batterie à des températures comprises entre 15°C et + 35 ° C

PT - Carregue a bateria a temperaturas entre 15°C e + 35 ° C

ES - Cargue la batería a temperaturas entre 15°C y + 35 ° C

 USB-C: Solo per ricaricare / Just to reload / Nur um neu zu laden / Juste pour recharger / Apenas para recargar / Solo para recargar

UE:

USA:

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by DAirlab could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF warning statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction

FCC ID: 2AWM3-301N

Contains FCC ID: SSSBC127-X

CA:

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Contains / Contient IC ID: 11012A-BC127
