

BEITONG iOS GAME CONTROLLER EX

User Manual

IG6-IR10

FCC ID:2AWMK-BTP-MK  
Made in China  
This device complies with Part 15 of the FCC Rules.  
Operation is subject to the following two conditions:  
(1) this device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.  
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.  
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
-- Reorient or relocate the receiving antenna.  
-- Increase the separation between the equipment and receiver.  
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
-- Consult the dealer or an experienced radio/TV technician for help.

Note:  
Hereby, [Guangzhou Pinzhong Electronic Technology CO., Ltd.] declares that the radio equipment type [designation of type of radio equipment] is in compliance with Directive 2014/53/EU.The full text of the EU declaration of conformity is available at the following internet address: WWW.BETOP-CN.COM  
This device may be operated in all member states of the EU.Do not expose your device to extreme temperatures lower than -10°C and higher than +45°C.  
The product shall only be connected to a USB interface of version USB2.0 Adapter  
The plug considered as disconnect device of adapter  
Adapter shall be installed near the equipment and shall be easily accessible.  
Manufacture: Guangzhou Pinzhong Electronic Technology CO., Ltd.  
Model No.: BTP-IG6  
I/p: DC-5V ,MAX71A  
The device has been evaluated to meet general RF exposure requirement.  
The device can be used in portable exposure condition without restriction.
