Packing list

Remote control car and remote control battery installation and charging

Connect the battery to the charging cable, then plug the USB charging cable into the USB port of the computer or the USB charger. Then turn on the power. When the red light is on, it means that charging is in progress, and when the red light is off it means the battery has been fully charged .

After charging is complete, open the battery cover and place the battery in the battery compartment

After installing the battery, just close the battery cover

Open the battery cover on the back, insert 2x1.5V "AA" batteries and close the battery cover.

Remote Control Function

APPEND MANUAL
 Product name: RC CAR
 Model: Z0012
 Applicant: SHEN HUA INTERNATIONAL LIMITED
 Address: Line 2, 2001 INNO. 123 Hui Rui Road, Kunshan Town, Kunshan, Jiangsu, China
 NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: — Reorient or relocate the receiving antenna. — Increase the distance between the equipment and receiver. — Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. — Consult the dealer or an experienced radio/TV technician for help.
 This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
 Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Operation Method

1. Turn the power switch of the remote control car to the "ON" position. Put the remote control car on a flat surface, and then turn on the remote control switch, you can toggle the joystick to operate.
