Subject: Class 2 Permissive Change (C2PC) Request

2022-06-29

FCC ID: 2AWRC-BG95M2

To whom it may concern

In accordance with KDB 178919 D01 and FCC rule part §2.1043: Changes in Certified Equipment, Robert Bosch GmbH hereby requests a class 2 permissive change to FCC ID: 2AWRC-BG95M2 as detailed below:

SAR testing has been carried out in accordance with the FCC KDB inquiry filed with this application.

A test in conjunction to Body SAR was conducted apart from Extremity SAR for additional safety considerations, which covers a very unlikely risk if for any reason someone will get close with the body to the device when bike is lying, and person kneels on the bike. And as well as to support customers if they want to use the device in customized positions closer to the body.

Yours faithfully,

Robert Bosch GmbH
