

**3. Voice Input Function:**

This product belongs to Google Android TV system. Please sign up to sign in to your Google Account first!  
Use the voice remote to say what you want to know, such as: how's the weather today, recent popular movies, or what news today and so on.

**4. System Setting Function:**

- Screen settings: You can adjust the screen zoom so that the screen shows the best status.
- Resolution settings: The machine defaults to automatic. You can manually adjust to the best display status.
- Date & time settings: Set your GMT time, and time display format. (Note: The system display time is synchronized with the network time after the network connection is successful.)
- Install APPS: You can uninstall unwanted APPs to keep your system in top condition.
- Factory reset: Be carefully to do this. All the data will be cleared after factory date reset.

**Note:** This product is Google Android TVOS system. We recommend users to download APPS from Google Play Store. There may be incompatibilities and reinstallation phenomena for downloading from the third party because the APK for third-party electronic market has not been authorized and certified by Google, which are not being the scope of service of this product.

**5. Firmware Update Instruction:**

[OTA Update]  
-Run the 'UPDATE' app.  
-Select OTA update, the device will detect and update to the latest version.

03

**Note: DO NOT power off the device during updating process.** Please do not download any third party software to upgrade. This product belongs to genuine system. The upgrade will only be operated through OTA or please contact the seller to upgrade.

**7. Tips**

- Keep a minimum of 10cm clearance around the device, do not cover newspapers or other items
- The equipment must not be exposed to water droplets or water splashes. Objects such as vases filled with liquids must not be placed on the machine
- Keep the product away from moisture, exposure, high temperatures, etc. away from magnetic objects
- Avoid scratching the case and the interface, and prevent damage due to falling, throwing or strong impact
- Use a dedicated power adapter to prevent damage to important components on the motherboard due to excessive current
- Please do not attempt to disassemble this product yourself. The repair work is only for authorized personnel of the company
- The battery must not be exposed to some conditions like sunlight, fire, or similar overheating environment

05

**FCC Warning:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Caution:** Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference.  
(2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
