FCC Labelling of MRRLD FCC ID: 2AXDT-RFM014

To Whom It May Concern:

The dimensions of the hearing aid are too small to allow the FCC ID to be printed on the device in a font size that is readable. Consequently, the FCC ID is printed in the instruction for user (IFU) together with the FCC regulatory statements.

Justification is provided by 3 photographs below that show the Hearing aid device in 3 different angles together with a printout of the FCC ID in font size 4 point that is the minimum readable font size as defined in FCC OET Labelling Guidelines KDB784748 D01.

Sincerely,

(signature & company stamp)

Dr. Thomas Fischer
