Bass50

A revolutionary wireless subwoofer.

User manual

DRAFT

Read, keep and use all safety instructions

Important safety instructions

- 01 Read these instructions.
- 02 Heed all warnings.
- 03 Follow all instructions.
- 04 Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.
- 05 Do not submerge in water.
- 06 Only use attachments/accessories specified by the manufacturer.
- 07 Unplug this apparatus during lightning storms or when unused for long periods of time.
- 08 Refer all servicing to qualified personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, objects have fallen into the apparatus, does not operate normally, or has been dropped.

Warnings/cautions:

This symbol means there is uninsulated, dangerous voltage within the product enclosure that may constitute a risk of electrical shock.

This symbol means there are important operating and maintenance instructions in this guide.

This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.

- Keep the product away from fire and heat sources. Do NOT place product near open flame, such as lighted candles.
- Do NOT make unauthorized alterations to this product.
- Do NOT use a power inverter with this product.
- Use this product only with the power supply provided.
- Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).
- The product label is located on the bottom of the product.

Regulatory information

Pursuant to FCC 15.21 of the FCC rules, changes not expressly approved by Trulli Audio might cause harmful interference and void the FCC authorization to operate this product.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an output on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This product complies with FCC & Industry Canada's RSS-102 radiation exposure limits set forth for an uncontrolled environment

This device complies with Part 15 of the FCC Rules and Innovation, Science and Economic Development Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC ID: 2AXEJBASS50

IC: 26435-BASS50

Model: BASS50

Input: 24V/5.5A

Ce produit est conforme à la norme FCC et aux limites d'exposition au rayonnement RSS-102 d'Industrie Canada définies pour un environnement non contrôlé.

Cet appareil est conforme à des règlements Innovation, Sciences et Développement économique Canada exempts de licence standard RSS (s). Son fonctionnement est soumis aux deux conditions suivantes: (1) Ce dispositif ne doit pas causer d'interférences nuisibles, et (2) cet appareil doit accepter toute interférence reçue, y compris les interférences pouvant entraîner un fonctionnement indésirable.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

This device complies with FCC and Industry Canada radiation exposure limits set forth for general population. This equipment should be installed and operated with a minimum distance of 20 cm between radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Regulatory information

Contact your local Trulli Audio retailer or other qualified professional for information on proper disposal of product.

Please dispose of used batteries properly, following local regulations. Do not incinerate.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

CALIFORNIA PROPOSTION 65 WARNING: These products can expose you to chemicals including cobalt lithium nickel oxide, and nickel, which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov

w/ Trulli Vecro Strap **x1**

Getting started

Quick start:

1

Download the Trulli App by scanning the QR code below with your smartphone. The app is required to sync your Bass50 with your vehicle.

**2**

Power on your Bass50 by holding the Trulli button for 1 second. It will automatically enter pairing mode.

Note: For future connections, you can put your Bass50 into pairing mode by holding the + and - buttons for 2 seconds.

**3**

Open your smartphone's Bluetooth settings, and select your Bass50 from the list.

**4**

Open the Trulli App and follow the instructions to complete setup.

Getting started

Operating your Bass50 speaker

Basic button guide

The primary controls for your Bass50 are found in the center of the front panel on your speaker.

Wireless technology

DRAFT

Getting started

Placement guidelines

For best wireless performance:

- Place your mobile device within 30 ft. (10 m) of your speaker, and make sure there is a clear line of sight between you and your speaker.
- Loss of clear line of sight or the obstruction of hard surfaces may impact sound quality, and your device may disconnect from your speaker.
- Keep other wireless equipment at least 3 ft. (1 m) away from your speaker.
- Place your speaker and your device outside of and away from metal cabinets, other audio/video components and direct heat sources.

Caution:

- Stand your speaker on its base. Standing your speaker on any other side may cause damage to your speaker and affect sound quality.
- Avoid placing your speaker on wet or dirty surfaces.

Bluetooth® technology

Pairing your mobile device

When you power on your speaker for the first time, the speaker automatically enters pairing mode.

- 01 On your device, turn on the Bluetooth® feature.

Tip: The Bluetooth® feature is usually found in the Settings menu.

- 02 Select your Trulli Bass50 from the Bluetooth® device list.

Once paired, you will hear a tone, indicating a successful connection to the speaker.

Care and maintenance

DRAFT

Care and maintenance

Cleaning

- Clean the surface of the speaker and handle with a soft, damp cloth (water only).
- Do not spray anything near the speaker. Do not use any solvents, chemicals, or cleaning solutions containing alcohol, ammonia or abrasives.
- Do not allow liquids to spill into any openings.

Limited warranty

Your speaker is covered by a limited warranty. Please refer to the warranty card for instructions on how to register. Failure to register will not affect your limited warranty rights.

Technical information

Input Voltage: 24V

Input Current: 5.5A

Care and maintenance

Resetting your speaker

Factory reset clears paired mobile devices and language settings from your speaker and returns it to the original factory settings.

1. Power on your speaker.
2. Press + and – for 7 seconds until you hear a tone.
3. The Bass50 will turn off automatically

If you could not resolve your issue, see the table below to identify symptoms and solutions to common problems. If you are unable to resolve your issue, contact Trulli Audio customer service.
