Company: Shenzhen Burn Technology Co.,Ltd

Address: Rm.1902, Bld.A, Mengxiangjiayuan, Xiandaicheng, East NanhaiRoad,  
Nanshan, Shenzhen, China

Name: 315 remote control

Model: BN253

## Operation instructions

1. Place the receiver within one meter of the remote control, long press the 1 button to control on or off, short press to control vibration.
2. If the receiver has two receivers, you can use 2 keys to control.

## Product parameters

Rated voltage	DC 3V
Working current	<6mA
Operating voltage	1.8V~3.6V
Key operation force	400±50g
Operating temperature	-5° C +45° C
Stand-by current	<1uA
transmitting frequency	315M
Modulation	ASK
Key durability	More than 100,000 times

## FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

The device has been evaluated to meet general RF exposure requirement.  
The device can be used in portable exposure condition without restriction.
