Charging method:Please open the silicone waterproof stopper,then plug the charging cable into the micro USB charging port.

more than 10 seconds, initially the red and blue lights flash quickly, then the red and blue lights flash 3 times slowly, finally the lights are off to indicate successful reset.

When there is an incoming call, the indicator flashes blue

Answer: Pressing the MFB key once and the call will connect.

End: Pressing it again after the call connect, the call will end.

### Reject a call c

Adjust volume (1)

# Activate voice control

Under the connected state, Long Press Volume "+" and "-" button for 1 second till you hear voice "Di" then loosen your hand, it will activate voice control function ( such as Siri ) of your phone

# Next /Previous track

Under the connected state, when playing music, long press the volume +/

When on a call or playing music, short click the volume +/- button to adjust

# Multi-point connection

Switch the sound urn off the headphone and the Bluetooth function of phone 1. Long press MFB key to enter pairing mode again, open the Bluetooth unction of phone 2 and search for the headphone. Select " NANAMI X rom the devices list and click it to connect. I. Go back to open the Bluetooth of phone 1, select " NANAMI X1 " fr

Play/Pause

With state-of-the-art Bluetooth 5.0 installed, the data transfer speed will

be doubled and the broadcast communication capacity will be increased eight times. It is a Bluetooth earphone which enables us to realize a connection experience with high speed, stability and uninterrupted. In addition, because the advanced technology antenna is installed, the signal becomes stronger, and both IOS and Android are compatible. ( I recommend a terminal with Bluetooth version 4.2 or later. )

# Basic Parameters

Bluetooth version: V5.0 Range: 10 meters Talk Time: 10-12 hours

Charging Time: 2 hours Standby Time: 300hrs Charging Voltage: DC5V

Wireless Profile: HFP/A2DP/HSP/AVRCP
