Warning

- DO NOT boil in water (the battery may explode or water could leak into the toy).
- Keep away from extreme heat or cold.
- Make sure your toy is recharged at least once every six months.
- DO NOT use the toy while charging.
- Please make sure you don't attach the charging cable to any metal or stainless steel materials.
- DO NOT submerge in water deeper than 1 meter when cleaning or during use.

Advertencia

- NO hervir en agua (la batería puede explotar o podría entrar agua en el juguete).
- Mantener la unidad alejada de temperaturas extremas.
- Cargar el juguete por lo menos una vez cada seis meses.
- NO USAR la unidad mientras se encuentra cargando.
- Asegúrese de no sujetar el cable de carga a ningún material metálico o de acero inoxidable.
- NO lo sumerja en agua a más de 1 metro de profundidad al limpiarlo o durante su uso.

Atenção

- NÃO ferver em água (a bateria pode explodir ou a água pode entrar no brinquedo).
- Manter longe do frio e do calor extremo.
- Certificar que o brinquedo seja carregado pelo menos uma vez a em cada seis meses.
- NÃO suar o brinquedo enquanto carrega.
- Certificar que o cabo do carregador não está preso a nenhum material metálico ou aço inoxidável.
- NÃO mergulhar em água com profundidade superior a 1 metro ao limpar ou durante o uso.

Avertissement

- NE PAS faire bouillir dans l'eau (risque d'explosion de la batterie ou de l'eau pourrait pénétrer dans le jouet).
- Assurez-vous que votre jouet soit rechargé au moins une fois tous les six mois.

- Ne pas exposer à une chaleur ou un froid extrême.
- NE PAS utiliser le jouet pendant le chargement.
- Veuillez vous assurer de ne pas attacher le câble de charge à des matériaux métalliques ou en acier inoxydable.
- Ne pas immerger dans de l'eau à plus de 1 mètre de profondeur lors du nettoyage ou pendant l'utilisation.

FCC Compliance Statement:
 This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) this device may not cause harmful interference, and
 (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

FCC Radiation Exposure Statement
 The device has been evaluated to meet general RF exposure requirement.

The device can be used in portable exposure condition without restriction

-- Consult the dealer or an experienced radio/TV technician for help.
