

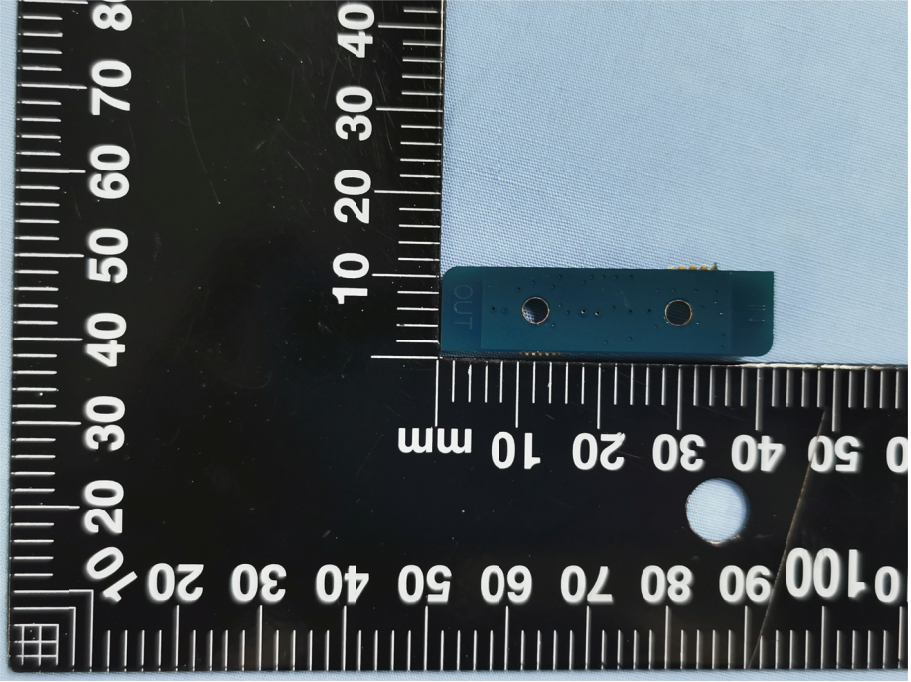

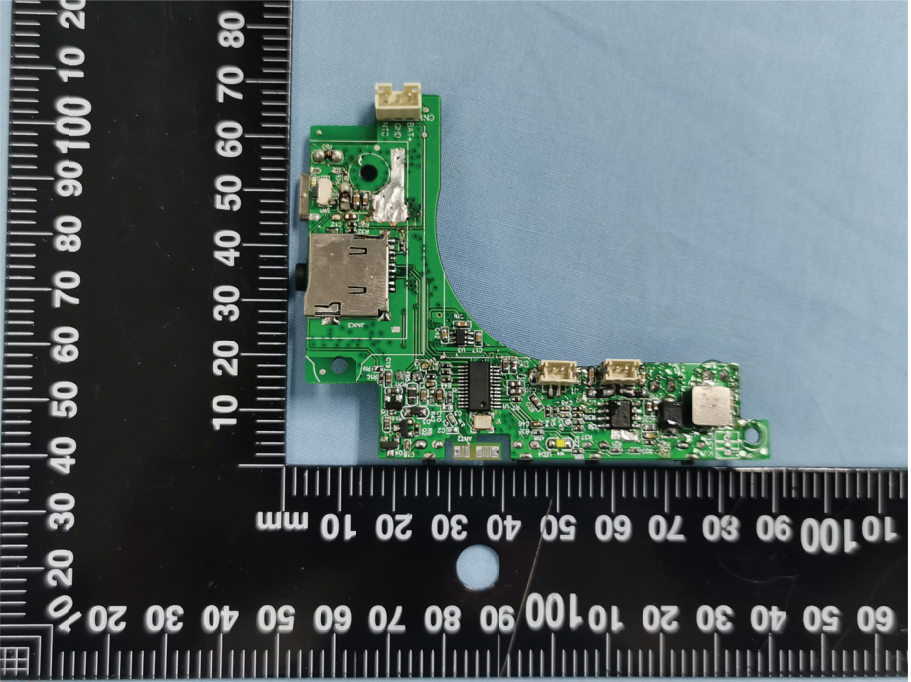

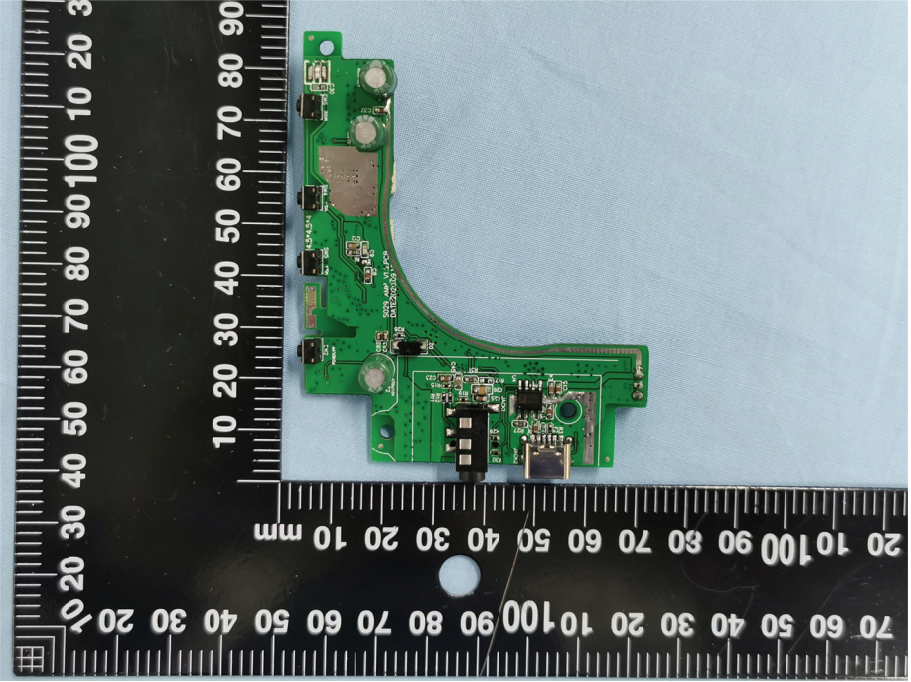

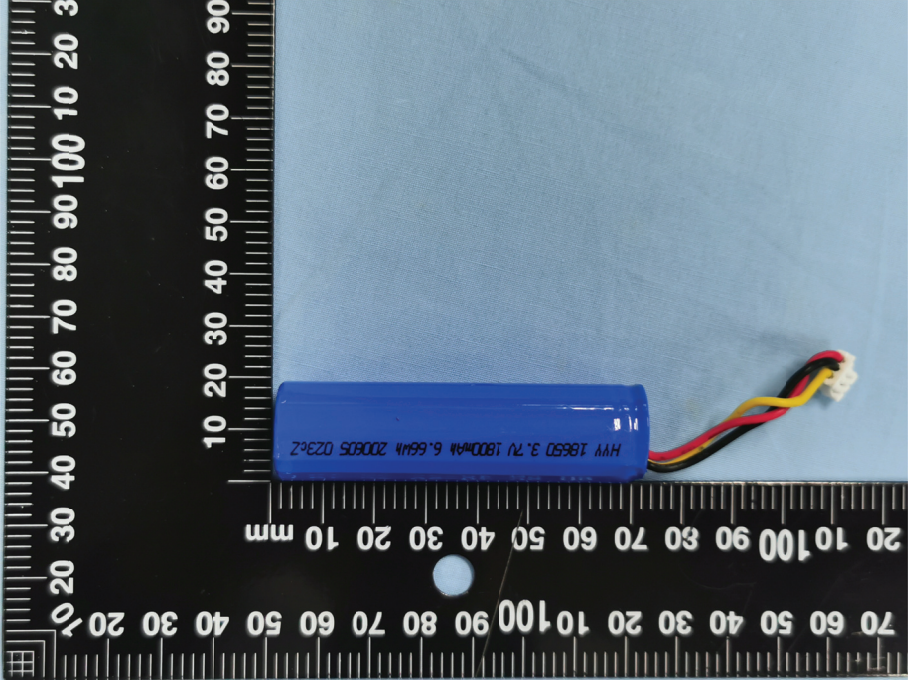

## EXHIBIT 2 - EUT INTERNAL PHOTOGRAPHS

<p>Solder Board-Component View 2</p>	 <p>A photograph showing a small, dark blue rectangular component with two circular holes. The component is placed on a black background with a white ruler for scale. The ruler has markings in millimeters, with the top edge showing 10, 20, 30, 40, 50, 60, 70, and 80 mm, and the bottom edge showing 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 mm. The component is positioned between the 10 mm and 40 mm marks on the top ruler.</p>
<p>Solder Board-Component View 3</p>	 <p>A photograph showing a green printed circuit board (PCB) component with various electronic components, including a microchip, capacitors, and connectors. The component is placed on a black background with a white ruler for scale. The ruler has markings in millimeters, with the top edge showing 10, 20, 30, 40, 50, 60, 70, and 80 mm, and the bottom edge showing 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 mm. The component is positioned between the 10 mm and 80 mm marks on the top ruler.</p>

<p style="text-align: center;"><b>Solder Board-Component View 4</b></p>	 <p>A photograph of a green printed circuit board (PCB) component, likely a solder board, placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The PCB is L-shaped and contains various electronic components, including a microcontroller, several resistors, and a USB connector. The board is oriented vertically, with the ruler placed horizontally to its left.</p>
<p style="text-align: center;"><b>Battery View</b></p>	 <p>A photograph of a blue cylindrical battery with a white connector and three colored wires (red, yellow, black) attached. The battery is placed on a black surface with a white ruler for scale. The ruler shows measurements in millimeters, with markings every 10 mm and sub-markings every 1 mm. The battery is oriented horizontally, with the ruler placed vertically to its left. The text on the battery reads: HW 18650 3.7V 1800mAh 6.65Ah 200805 0236Z.</p>
