Product specification

Product Name	Smart SIM Locklight Lamp
Item No.	111613
Shipping Weight	13412P15mmx22kg
Material	Silicon, ABS, PVC
Rated voltage	DC 5V 1A
Rated current	120mA
Battery capacity	300mAh
charging time	about 2 hours
Usage time	about 12 to 15 hours
Component	Product Type: C-USB(Bluetooth)
Country of Origin	China
Date of manufacture	2023.11
CE/UL/ROHS number	903896-24003
Electromagnetic compatibility number	R-R-02-05-0346
Manufacturer's Name	WITCO(Donggani Trading Co., Ltd)
Importer	Shorea / J.S. Co., Inc(Kangju-dong, Yeongju-gu, Seoul)
Seller	Makocompany corp / A/S 60, Daejeong-gangno-ro, Building-gu, Seongnam-si, Gyeonggi-do, Republic of Korea
Customer Service Contact	1420174242
Exchange Place	Place of purchase

FCC Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Change or modification not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to take the following steps:

- *Increase the separation between the equipment and receiver.
- *Connect the equipment into a outlet on a circuit different than that to which the receiver is connected.
- *Consult the dealer or an experienced radio/TV technician for help.
- *Reduce or relocate the receiving antenna.

The device has been evaluated to meet general RF exposure requirements. The device can be used in a portable equipment condition without restriction.

Purchaser's simple change is possible within seven days of receipt of the product, and you must carry the receipt without damaging the packaging.

- * If exchange and returns are not possible
 - In case the product is damaged or due to your carelessness
 - If the product packaging is damaged and the product value is reduced.
 - In case there is evidence of use of the product or the product is damaged.
 - In the event of loss or change in the accessories included in the product.
- * This product is manufactured and shipped as a complete product, and it is not available, and only exchange and returns are permitted.
