The involved images are sketch maps, the final product as per the material subjects.
Includes: wireless charger, 100 cm power cable, user's manual.
* No power adapter, if you need, please purchase separately.

FCC Statement

Note: this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 and part 18 of the FCC Rules. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
1. Increase the separation between the equipment and any other radio device.
2. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 and part 18 of the FCC Rules. Operation is Subject To the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.
