# Safety warnings and precautions

Before using and operating this equipment, please read and observe the following precautions carefully to avoid dangerous or illegal operations.

#### Use environment

Do not use the device in dusty and humid places to avoid causing internal circuit failures;

Do not place this equipment near heating objects such as electric heaters;

The working temperature of this equipment is 0-40 degrees, and the normal working temperature is 10-90% RH.

#### Power

Please use the special charger that comes standard with this product;

#### Waterproof

This device is not waterproof, please keep it dry;

### Maintenance

For all maintenance services, please contact the dealer's maintenance personnel;

Do not insert any sharp objects into the device; Do not drop or bump the device to avoid damage to the device.

# Technical specifications

CPU		Celeron J4125 14 nm process, 4-core 4-thread, main frequency 2.0Ghz (Max 2.7Ghz), TDP 10W; cache 4MB
GPU		Intel® Ultra HD Graphics 600
RAM		LPDDR4 8GB
Storage		128GB/256GB/512GB SSD, M.2 2242, support MicroSD expansion up to 128GB (Product capacity is subject to actual purchase)
Network	Ethernet	Support external Ethernet
	WiFi	intel AC7265 2X2 AC
	ВТ	BT4.2
Charger		TYPE-C 12V 2A ( DC IN ONLY )
Packing list		1* mini PC+1* user manual/warranty card +1*TYPE-C charger (Additional: 1* EU/UK /AU adapter )

**Note:** The pictures listed in this manual are for reference only. Product specifications/button definitions and appearance are subject to change without notice.

#### **FCC Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiateradio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which

can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

# -- Reorient or relocate the receiving antenna.

- -- Increase the separation between the equipment and receiver.
- -- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- -- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

To maintain compliance with FCC's RF Exposure guidelines, This equipment should be installed and operated with minimum distance of 20cm from your body.

The NII band I indoor use only.
