This product has an adsorption function, which can accurately align the charging position of the iPhone 12/13 series. You can charge your phone while holding it in your hands.

**Stepless 60° adjustment bracket**

**PACKAGE CONTENTS**

Magnetic Wireless Charger	*1
QC 3.0 18W Adapter	*1
USB C Cable	*1
User Manual	*1

**CANT CHARGE?—Causes and Solutions**

INFERENCE FACTORS	SOLUTIONS
Position	Make sure the center of the back of the phone is aligned with the "X".
Adapter and Charging Cable	Please use certified QC 3.0 18W adapter in the package to charge the device. Do not plug into computer USB port or any other non-certified USB port. The adapter and the charging cable must be firmly connected. Try to reconnect the adapter and charging cable. If the problem persists, try a different adapter (9V $\approx$ 2A/12V $\approx$ 1.5A) and charging cable.
Protective Case	Only support the original MagSafe case
Inference	Magnetic/ Metal Attachments (such as credit cards, keys, etc) will interfere the charging. Please remove them when charging.
Temperature	Do not use this product in a high temperature environment or expose it to rain or snow. If your device can not be fully charged, this may be due to high environmental temperature. Please discharge after the temperature is lowered.
Defective Product	Please contact us through Amazon for technical support following the steps below if the issue remains. 1. Go to Your Orders, the list. 2. Select Problem with order. 3. Choose your topic from list displayed. 4. Select Contact seller.

**CAUTION**

- \* Do not store device in high-temperature environment, including heat caused by intense sunlight or other forms of heat. Do not place device in fire or other excessively hot environments. Exposure to fire or temperature above 212F(100°C) may cause explosion.
  - \* Do not use the wireless charger in excess of its output rating. Overloading outputs above rating may result in a risk of fire or injury to persons.
  - \* Do not expose the wireless charger to rain or snow.
  - \* Do not modify, repair or disassemble the unit. If so, please contact the manufacturer.
  - \* Switch off the wireless charger when not in use.
  - \* The wireless charger will automatically switch off when disconnected from its wall charger.
  - \* Make sure to disconnect the device from power when cleaning.
- WARRANTY & SERVICE**
- Thanks for choosing our wireless charging station. Please enjoy:
- ① 30-day return and exchange service.
  - ② 24-month product replacement or refund service.
  - ③ Lifetime quick question answer service

**FCC Warning**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment does not generate or use radio frequencies, and therefore, it does not cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and used with minimum distance between 20cm and the radiator of your body.

This device was tested for operations, to comply with RF exposure requirements, a minimum separation distance of 20cm must be maintained between the user's body and the charger, including the antenna. Third-party belt-clips, holders, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.

**Declaration of Conformity:**

Hereby, Shenzhen Yifeng Intelligent Technology Co., Ltd. Declares that the product F3\_TA1 is in compliance with the following Directives: Radio Equipment Regulations 2017, Electrical Equipment (Safety) Regulations 2016 and The Restriction of the Use of Certain Hazardous Substances in Electrical and Electrical Equipment 2012. The Full text of the UK declaration of conformity is available at the following internet address:
