A01	第一稿	2024.2.23
A02	修改参数/增加警示语	2024.8.27
材质:128铜板 成品尺寸:70*90*mm		
深圳市亿锋智能技术有限公司		
物料名称:说明书(符合RoHS标准)		
产品名称	产品工程师	设计者
三合一折叠无线充电器	詹剑锋	梁耀文

① Phone or earphone charging area	⑤ Foldable storage silicone design
② Wireless charging area for Samsung Watch	⑥ Anti-slip silicone
③ Phone or earphone charging area	⑦ USB-C interface
④ Foldable storage silicone design	⑧ Anti-slip silicone

(For the best charging experience, please use QC3.0/24W power adapter or a larger power adapter)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Relocate or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.
