

Thank you for using our products, please read the instruction card carefully before use

Specifications

Model: M1C Input: 9V=2A Output: 15W Max

Cable length 1.5M

Compatibility:
 (Magnetic)iPhone 14 Pro Max/14 Pro/14 Plus/14/13 Pro Max/13 Pro/13 mini/12 Pro Max/12 Pro/12/12mini
 (Magnetic)AirPods 3/AirPods Pro2/AirPods Pro
(Please use a magnetic case to charge your phone)

Description

This product has an adsorption function, which can accurately align the charging position of the mobile phone.
(Mobile phone/phone case needs to be equipped with built-in magnet)

Important Reminders

- For maximum charging speed, use a cable and adaptor compatible with QC (Quick Charge) 2.0/3.0.Adapters are compatible with QC (Quick Charge) 2.0/3.0 or PD (Power Delivery) Quick Charge or PD (Power Delivery) fast charging.
- This charger can only be installed on a caseless iPhone with magnetic suction or the official MagSafe case and ESR Halolock case. It will not connect to any other phones or cases.
- The charger has a maximum output of 15W. The maximum output of the iPhone is 7.5W. The maximum output power of the headset is 5W.

Safety warning

- Do not put this product into fire or water to avoid short circuit leakage or damage to the product.
- Please check the product, data cable and other accessories before use. Immediately stop using the product if you notice any damage.
- Do not use this product in a high temperature, humid or corrosive environment, so as not to damage the circuit and prevent charging or other
- Do not contact the product with corrosive liquids, otherwise it will cause serious damage and the product will not be guaranteed.
- Do not disassemble or modify this product for any reason, so as to avoid secondary failure and burning, which is not covered by the warranty

UK:

This device was tested for uncontrolled environment operations. To comply with RF exposure requirements, a minimum separation distance of 20cm must be maintained between the user's body and the product.

Declaration of Conformity

Hereby, Shenzhen Yifeng Intelligent Technology Co., Ltd. declares that the product type M1C is in compliance with following Regulations: Radio Equipment Regulations 2017, Electrical Equipment (Safety) Regulations 2016 and The Restriction of the Use of Certain Hazardous Substances in Electrical and Electronic Equipment Regulations 2012. The full text of the UK declaration of conformity is available at the following internet address:<https://www.YFZN.com/>

EU:

This device was tested for uncontrolled environment operations. To comply with RF exposure requirements, a minimum separation distance of 20cm must be maintained between the user's body and the product.

Declaration of Conformity

Hereby, Shenzhen Yifeng Intelligent Technology Co., Ltd.declares that the product type M2 is in compliance with Directives 2014/53/EU & 2011/65/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://www.YFZN.com/>

Radiated H-Field	6.6 dBuA/m (@10m)
TX/RX Frequency Range	110-148kHz(Only for EU&UK)

Shenzhen Yifeng Intelligent Technology Co., Ltd.
 10th Floor, Building 2, Chaxi, Zone B, Huafeng First Science Park, Hangcheng Street, Gushu, Baoan District, Shenzhen, China.

FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:
 The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance between 20cm the radiator your body.

IC Caution:

Radio Standards Specification RSS-Gen, issue 5

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
 This device may not cause interference.
 This device must accept any interference, including interference that may cause undesired operation of the device.
 RF exposure statement:
 The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

- French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:
 Cet appareil ne doit pas causer d'interférences.
 Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.
 Déclaration d'exposition RF:
 L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.
