Attention

- Use original or certified cables
- Do not expose to liquids
- Do not disassemble
- Avoid dropping
- Avoid extreme temperatures
- Do not use the product outdoors during a thunderstorm
- Do not use any corrosive cleaner/oil to clean

Considerate Hints

1. Do not turn up the volume to a fair high level constantly as this could shorten the service life of this product or impair your hearing.
2. When encounter any fault during operation, please cut off the power supply and disconnect the USB cable to prevent further damage to the product or other components.
3. The wireless transmission range or connectivity could be affected by low battery power. In that case, please recharge immediately.

FCC ID: 2AXYP-OEB-E94D

FCC Caution: Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
IMPORTANT NOTE: Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.
The device has been evaluated to meet general RF exposure requirement.
The device can be used in portable exposure condition without restriction.
FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

EU Declaration of Conformity

in accordance with
Annex VI of Directive 2014/53/EU of the European Parliament and of the Council
1. For the following Radio equipment:
Model: OEB-E94D
Product: True Wireless Half In-Ear Earbuds
Trade name or Brand: oraimo
Software / Hardware number: V2.0 /V2.0
2. Name and address of the manufacturer or his authorised representative:
Manufacturer: ORAIMO TECHNOLOGY LIMITED
Add: ROOM 604 6/F SOUTH TOWER WORLD FINANCE CTR HARBOUR CITY 17 CANTON ROAD TST KL

3. This declaration of conformity is issued under the sole responsibility of the Manufacturer.
4. Object of the declaration (identification of the radio equipment allowing traceability; it may include a colour image of sufficient clarity where necessary for the identification of the radio equipment):
5. The object of the declaration described above is in conformity with the relevant Union harmonization legislation:
Directive 2014/53/EU (RED)
6. References to the relevant harmonised standards used or references to the other technical specifications in relation to which conformity is declared:
Article 3.1a Health: EN 62479: 2010
Article 3.1a Electrical Safety: EN62368-1:2014+A11:2017
Article 3.1b: ETSI EN 301 489-1 V2.2.3 (2019-11)
        Draft ETSI EN 301 489-17 V3.2.2 (2019-12)
Article 3.2: ETSI EN 300 328 V2.2.2 (2019-07)
7. Notified Body Name: MET Laboratories, Inc.
Notified Body Number: 0980
Notified Body Assessment Performed:
Module B/C on Article 3.1a, 3.1b, 3.2 and 3.3
Technical File Identification Number: N/A
8. Where applicable, description of accessories and components, including software, which allow the radio equipment to operate as intended and covered by the EU declaration of conformity:
User instructions are provided in the User Manual. The Software and Hardware versions are specified above.
9. Additional information:
Referring to Article 10.2 of the Directive, this equipment is so constructed that it can be operated in all Member States, without infringing applicable requirements on the use of radio spectrum.
Referring to Article 10.10 of the Directive, there are no restrictions on putting this equipment into service or of requirements for authorisation of use. Please refer to the User Manual for details.
