ATTENTION

1. Use original or certified cables
2. Do not expose to liquids
3. Do not disassemble
4. Avoid dropping
5. Avoid extreme temperatures
6. Do not use the product outdoors during a thunderstorm
7. Do not use any corrosive cleaner/oil to clean
8. Use a cleaning cloth with alcohol to remove dirt from the pogo pin of earbuds and charging case.

CONSIDERATE HINTS

1. Do not turn up the volume to a fair high level constantly as this could shorten the service life of this product or impair your hearing.
2. When encountering any fault during operation, please cut off the power supply and disconnect the Type-C cable to prevent further damage to the product or other components.
3. The wireless transmission range or connectivity could be affected by low battery power. In that case, please recharge immediately.

CUSTOMER SERVICE

365 DAYS WARRANTY
Email: service@cardcare.com

1. All quality-related defects on items sold directly by oraimo or oraimo's authorized resellers are covered by an extensive warranty, starting from the date of purchase.
2. Items bought from third parties outside the country of purchase. The limited warranty is void on items taken outside the country they were originally bought in or shipped to directly from an authorized online purchase.
3. This warranty covers only original oraimo products. It is not applicable to normal wear and tear, or any defects arising from damage caused by users of this product.
4. Warranties for the same product only transferable. Any free additional product(s) not covered in this warranty.
5. If the product fails regarding usage in compliance with the instruction manual and other written preclusion, replacement will be provided free of charge.
6. To receive replacement, bring the warranty certificate and the product itself to the store from where you have purchased the product.

WARRANTY CERTIFICATE

True Wireless Earbuds Model OTW-330
Honor, ORAIMO TECHNOLOGY LIMITED,
Declaras que este True Wireless Earbuds es en compliance with the essential requirements and other relevant provisions of directive 2014/53/EU.

FCC Caution:
Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
IMPORTANT: FCC has tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-Reorient or relocate the receiving antenna.
-Increase the separation between the equipment and receiver.
-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
FCC ID:2AV9P-OTW-330, FCC ID:2AV9P-OTW-330R

CAUTION:
1. Ris of explosion if battery is replaced by an incorrect type, dispose of used batteries according to the instructions.
2. - deposit of a battery into fire or a hot oven, or mechanically crushing or cutting a battery, that can result in an explosion;
-leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
3. A battery subject to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
