## To Whom It May Concern:

We (Shenzhen Jiteng Network Technology Co., LTD.) hereby declare that all models are identical in terms of electrical aspects, including software parameters and hardware design (i.e. circuit design, PCB layout, RF modules/circuits, antenna types and components on the PCB, etc.), The only difference is the model name, mechanical structure and design (including product housing, materials, etc.), antenna appearance structure (The manufacturer claims that the size difference between the two antennas is a non-transmitting part, only aesthetic and installation extension, the measurement is the same using the same gain and efficiency, does not affect the evaluation results of the space antenna).
