FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in an uncontrolled environment without restriction.

OFFICIAL CORNHOLE RULES

Every match is broken down into innings or play. During an inning or play, each player must pitch all four of his/her bags. An inning is over complete until all players pitch all four of their bags. The player who pitches the last bag in each play has pitched all four of his/her bags. When their opponent has used their score, the size of an inning is completed when the fourth player pitches all four bags. The bottom of the inning is completed when the remaining player pitches all four bags. For double matches alternate players until a winner is determined.

Each player must pitch all four of his/her bags in the hole. Any bag which is thrown through the hole or knocked through the hole by another bag is worth three points.
